UNITED PROVINCES ACT No. V OF 1920.

[*Passed by the Lieutenant-Governor of the United Provinces of
Agra and Oudh in Council.*]

Received the assent of the Lieutenant-Governor of the United Provinces of Agra and Oudh on the 1st November, 1920, and of the Governor-General on the 25th November, 1920, and was published under Section 81 of the Government of India Act, on the 11th December, 1920.

THE LUCKNOW UNIVERSITY ACT, 1920

AN ACT TO ESTABLISH AND INCORPORATE A UNITARY TEACHING
AND RESIDENTIAL UNIVERSITY AT LUCKNOW.

WHEREAS it is expedient to establish and incorporate a unitary teaching and residential University at Lucknow it is hereby enacted as follows :—

1. (1) This Act may be called the Lucknow University Act, 1920. Short title and commencement.

(2) It shall come into force on such date as the Local Government may by notification in the Gazette direct. Definitions

2. In this Act, and in all Statutes made hereunder, unless there is anything repugnant in the subject or context :—

(a) “ College ” means an institution maintained by the University, or if not so maintained, recognized by the University in accordance with the provisions of this Act, in which tutorial and other supplementary instruction shall be provided under conditions prescribed in the Statutes, and which shall be a unit of residence for students of the University ;

(b) “ Hall ” means a unit of residence for students of the University maintained by the University, or if not so maintained, recognized by the University in accordance with the provisions of this Act, in which tutorial and other supplementary ins-

truction may be given under the direction of the University in accordance with the Ordinances ;

- (c) "Principal" means the head of a College ;
- (d) "Provost" means the head of a Hall ;
- (e) "Registered graduates" means graduates registered under the provisions of this Act ;
- (f) "Statutes," "Ordinances," and "Regulations" mean, respectively, the Statutes, Ordinances, and Regulations of the University for the time being in force ;
- (g) "Teachers" includes Professors, Readers, Lecturers, and other persons imparting instruction in the University or in any of its Colleges or Halls ;
- (h) "Teachers of the University" means persons appointed and paid wholly or partly by the University for imparting instruction in the University ; and
- (i) "University" means the University of Lucknow.

THE UNIVERSITY.

The University.

3. (1) The first Chancellor and Vice-Chancellor of the University and the first members of the Court, the Executive Council, and the Academic Council, and all persons who may hereafter become such officers or members, so long as they continue to hold such office or membership, are hereby constituted a body corporate by the name of the University of Lucknow.

(2) The University shall have perpetual succession and a Common Seal, and shall sue and be sued by the said name.

Powers of the University.

4. The University shall have the following powers, namely :—

- (1) to provide for instruction in such branches of learning as the University may think fit, and to make provision for research and for the advancement and dissemination of knowledge ;

- (2) to hold examinations and to grant and confer degrees and other academic distinctions to and on persons who—
 - (a) shall have pursued a course of study in the University, or
 - (b) are teachers in educational institutions, under conditions prescribed in the Ordinances and Regulations and shall have passed the examinations of the University, under like conditions;
- (3) to confer honorary degrees or other distinctions on approved persons in the manner prescribed in the Statutes ;
- (4) to provide such lectures and instructions for, and to grant such diplomas to, persons not being members of the University, as the University may determine ;
- (5) to co-operate with other Universities and authorities in such manner and for such purposes as the University may determine ;
- (6) to institute Professorships, Readerships, Lecturerships, and any other teaching posts required by the University, and to appoint persons to such Professorships, Readerships, Lecturerships, and posts;
- (7) to institute and award Fellowships, Scholarships, Exhibitions, Medals, and Prizes in accordance with the Statutes and the Ordinances ;
- (8) to maintain Colleges and Halls and to recognize Colleges and Halls not maintained by the University ;
- (9) to demand and receive such fees as may be prescribed in the Ordinances ;
- (10) to supervise and control the residence and discipline of students of the University, and to make arrangements for promoting their health and general welfare ; and

- (11) to do all such other acts and things, whether incidental to the powers aforesaid or not, as may be requisite in order to further the objects of the University as a teaching and examining body, and to cultivate and promote arts, science, and learning.

University
open to all
classes,
castes, and
creeds,

5 The University shall be open to all persons of either sex and of whatever race, creed, or class, and it shall not be lawful for the University to adopt or impose on any person any test whatsoever of religious belief or profession in order to entitle him to be admitted thereto as a teacher or student, or to hold any office therein, or to graduate thereat, or to enjoy or exercise any privilege thereof, except where such test is specially prescribed by the Statutes, or, in respect of any particular benefaction accepted by the University where such test is made a condition thereof by any testamentary or other instrument creating such benefaction :

Provided that nothing in this Section shall be deemed to prevent religious instruction being given in the manner prescribed by the Ordinances to those not unwilling to receive it by persons (whether teachers of the University or not) approved for that purpose by the Executive Council.

Teaching of
the Univer-
sity.

6. (1) All recognized teaching in connection with the University courses shall be conducted by the University and shall include lecturing, work in laboratories or workshops, and other teaching conducted in the University by the Professors, Readers, Lecturers, and other teachers thereof in accordance with any syllabus prescribed by the Regulations.

(2) The authorities responsible for organising such teaching shall be prescribed by the Statutes.

(3) The courses and curricula shall be prescribed by the Ordinances and the Regulations.

(4) In addition to recognized teaching, tutorial and other supplementary instruction shall be given in the University, or, under the control of the University, in Colleges and Halls.

(5) It shall not be lawful for the University to conduct courses or maintain classes for the purpose of preparing students for admission to the University.

THE VISITOR

7 .(1) The Governor-General shall be the Visitor of the University. The Visitor.

(2) The Visitor shall have the right to cause an inspection to be made by such person or persons as he may direct, of the University, its buildings, laboratories, workshops and equipment, and of any institutions associated with the University, and also of the examinations, teaching and other work conducted or done by the University, and to cause an inquiry to be made in like manner in respect of any matter connected with the University. The Visitor shall in every case give notice to the University of his intention to cause an inspection or inquiry to be made, and the University shall be entitled to be represented thereat.

(3) The Visitor may address the Chancellor with reference to the results of such inspection or inquiry, and the Chancellor shall communicate to the Court and to the Executive Council the views of the Visitor and shall, after ascertaining the opinion of the Executive Council thereon, advise the University upon the action to be taken.

(4) The Executive Council shall report to the Chancellor for communication to the Visitor such action, if any, as it is proposed to take or has been taken upon the results of such inspection or inquiry. Such report shall be submitted within such time as the Chancellor may direct through the Court, which may express its opinion thereon.

(5) Where the Executive Council does not, within a reasonable time, take action to the satisfaction of the Chancellor, the Chancellor may, after considering any explanation furnished or representation made by the Executive Council, issue such directions as he may think fit, and the Executive Council shall comply with such directions.

OFFICERS OF THE UNIVERSITY.

Provided that no Ordinance shall be made—

- (a) affecting the admission of students, or prescribing examinations to be recognized as equivalent to

the University examinations or the further qualifications mentioned in sub-section (2) of Section 34 for admission to the degree courses of the University, unless a draft of the same has been proposed by the Academic Council, or

- (b) affecting the conditions and mode of appointment and duties of Examiners and the conduct or standard of examinations or any course of study except in accordance with a proposal of the Faculty or Faculties concerned, and unless a draft of such Ordinance has been proposed by the Academic Council, or
- (c) affecting the number, qualifications, and emoluments of teachers of the University, unless a draft of the same has been proposed by the Academic Council, or
- (d) affecting the conditions of residence of students, except after consultation with the Residence, Health, and Discipline Board.

(2) The Executive Council shall not have power to amend any draft proposed by the Academic Council under sub-section (1), but may reject it or return it to the Academic Council for reconsideration, either in whole or in part, together with any amendments which the Executive Council may suggest.

(3) All Ordinances made by the Executive Council shall be submitted, as soon as may be, to the Chancellor and the Court and shall be considered by the Court at its next meeting. The Court shall have power, by a resolution passed by a majority of not less than two-thirds of the members present at such meeting, to cancel any such Ordinance, and such Ordinance shall, from the date of such resolution, be void.

(4) The Chancellor may, at any time after any Ordinance has been considered by the Court, signify to the Executive Council his disallowance of such Ordinance, and from the date of receipt by the Executive Council of intimation of such disallowance, such Ordinance shall become void.

(5) The Chancellor may direct that the operation of any Ordinance shall be suspended until he has had an opportunity of exercising his power of disallowance. An order of suspension under this sub-section shall cease to have effect on the expiration of one month from the date of such order, or on the expiration of fifteen days from the date of consideration of the Ordinance by the Court, whichever period expires later.

(6) Where the Executive Council has rejected the draft of an Ordinance proposed by the Academic Council, the Academic Council may appeal to the Chancellor, who, after obtaining the views of the Executive Council, may if he approves the draft, make the Ordinance. An Ordinance made under this sub-section shall cease to have effect from the date of the next meeting of the Court unless confirmed by it.

regulations.

31. (1) The authorities and the Boards of the University may make Regulations consistent with this Act, the Statutes, and the Ordinances—

(a) laying down the procedure to be observed at their meetings and the number of members required to form a quorum ;

(b) providing for all matters which by this Act, the Statutes, or the Ordinances are to be prescribed by Regulations ; and

(c) providing for all other matters solely concerning such authorities and Boards and not provided for by this Act, the Statutes, and the Ordinances.

(2) Every authority of the University shall make Regulations providing for the giving of notice to the members of such authority of the dates of meetings and of the business to be considered at meetings, and for the keeping of a record of the proceedings of meetings.

(3) The Executive Council may direct the amendment, in such manner as it may specify, of any Regulation made under this Section or the annulment of any Regulation made under sub-section (1) :

Provided that any authority or Board of the University which is dissatisfied with any such direction may appeal to the Chancellor, who, after obtaining the views of the Executive Council, may pass such orders as he thinks fit.

RESIDENCE, COLLEGES, AND HALLS

32. Every student of the University shall reside in a College or Hall, or under such conditions as may be prescribed by the Statutes and the Ordinances. Residence

33. (1) Colleges and Halls maintained by the University shall be such as may be named by the Statutes. Colleges and Halls

(2) Colleges and Halls other than those maintained by the University shall be recognized by the Executive Council on such general or special conditions as may be prescribed by the Ordinances.

(3) The conditions of residence in Colleges and Halls shall be prescribed by the Ordinances, and every College or Hall shall be subject to inspection by any member of the Residence, Health, and Discipline Board, authorized in this behalf by the Board, and by any officer of the University authorized in this behalf by the Executive Council.

(4) The Executive Council shall have power to suspend or withdraw the recognition of any College or Hall which is not conducted in accordance with the conditions prescribed by the Ordinances.

Provided that no such action shall be taken without affording the Committee of Management of such College or Hall an opportunity of making such representation as it may deem fit.

ADMISSIONS AND EXAMINATIONS.

34. (1) Admission of students to the University shall be made by an Admission Committee (including at least one Principal and one Provost) appointed for that purpose by the Academic Council. Admission to University courses.

(2) Students shall not be eligible for admission to a course of study for a degree unless they have passed the Intermediate Examination of an Indian University incorporated by any law for the time being in force, or an examination recognized in accordance with the provisions of this Section as equivalent thereto, and possess such further qualifications (if any) as may be prescribed by the Ordinances:

Provided that until such recognized examination be established, students who have passed an examination for admission instituted by the University in accordance with the Ordinances shall be eligible for admission.

(3) The conditions under which students may be admitted to the diploma courses of the University shall be prescribed by the Ordinances.

(4) The University shall not, save with the previous sanction of the Governor-General in Council, recognize (for the purpose of admission to a course of study for a degree), as equivalent to its own degrees, any degree conferred by any other University, or, as equivalent to the Intermediate Examination of an Indian University, any examination conducted by any other authority.

aminations

35 (1) All arrangements for the conduct of examinations shall be made by the Academic Council in such manner as may be prescribed by this Act and the Ordinances.

(2) If any Examiner is for any cause incapable of acting as such, the Vice-Chancellor shall appoint an Examiner to fill the vacancy.

(3) At least one Examiner who is not a member of the University shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University Degree.

(4) The Academic Council shall appoint committees, consisting of members of its own body or of other persons or of both, as it thinks fit, to moderate examination questions

and to report the results of the examinations to the Executive Council for publication.

ANNUAL REPORTS AND ACCOUNTS.

36. The Annual Report of the University shall be prepared under the direction of the Executive Council, and shall be submitted to the Court on or before such date as may be prescribed by the Statutes, and shall be considered by the Court at its annual meeting. The Court may pass resolutions thereon and communicate the same to the Executive Council which shall take them into consideration and take such action thereon as it thinks fit.

Annual
Report.

37. (1) The annual accounts and balance sheet of the University shall be prepared under the direction of the Executive Council, and shall be submitted to the Local Government for the purposes of audit.

Annual
accounts.

(2) The accounts, when audited, shall be published by the Executive Council in the *Gazette*, and copies thereof shall, together with copies of the audit report, if any, be submitted to the Court, to the Local Government, and to the Visitor.

(3) The Executive Council shall also prepare, before such date as may be prescribed by the Statutes, a statement of the financial estimates for the ensuing year.

(4) Every item of new expenditure of, or above, such amount as may be prescribed by the Statutes which it is proposed to include in the financial estimates shall be referred by the Executive Council to the Committee of Reference, which may make recommendations thereon.

(5) The Executive Council shall, after considering the recommendations (if any) of the Committee of Reference, submit the financial estimates as finally approved by it to the Court with such recommendations.

(6) The annual accounts and the financial estimates shall be considered by the Court at its annual meeting and the

Court may pass resolutions with reference thereto and communicate the same to the Executive Council, which shall take them into consideration and take such action thereon as it thinks fit:

Provided that where there has been a disagreement between the Executive Council and the Committee of Reference upon any item of expenditure referred to it under sub-section (k), the decision of the Court thereon shall be final.

SUPPLEMENTARY PROVISIONS

Removal of
names from
University
authorities or
bodies or
from register
of registered
graduates.

38 The Chancellor may, on the recommendation of not less than two-thirds of the members of the Executive Council, remove the name of any person from any of the authorities or other bodies of the University or from the register of registered graduates.

Disputes as to
constitution
of University
authorities
and bodies.

39. If any question arises whether any person has been duly elected or appointed as, or is entitled to be, a member of any authority or other body of the University, the matter shall be referred to the Chancellor, whose decision thereon shall be final.

Constitution
of committees

40 Where any authority of the University is given power by this Act or the Statutes to appoint committees, such committees shall, unless otherwise provided, consist of members of the authority concerned and of such other persons (if any), as the authority in each case may think fit.

Filling of
casual vacancies.

41. All casual vacancies among the members (other than *ex-officio* members) of any authority or other body of the University shall be filled as soon as conveniently may be by the person or body who appointed, elected, or co-opted the member whose place has become vacant, and the person appointed, elected, or co-opted to a casual vacancy shall be a member of such authority or body for the residue of the term for which the person whose place he fills would have been a member. •

42. No act or proceeding of any authority or other body of the University shall be invalidated merely by reason of the existence of a vacancy or vacancies, among its members.

Proceedings of University authorities and bodies not invalidated by vacancies

43. (1) Every salaried officer and teacher of the University shall be appointed on a written contract. The contract shall be lodged with the Registrar of the University, and a copy thereof shall be furnished to the officer or teacher concerned.

Conditions of service.

(2) Any member of the public services in India whom it is proposed to appoint to a post in the University shall, subject to the approval of such appointment by the Government, have the option—

- (i) of having his services lent to the University for a specified period and remaining liable to recall to Government service at the discretion of the Government at the end of that period, or
- (ii) of resigning Government service on entering the service of the University.

44. Any dispute arising out of a contract between the University and any officer or teacher of the University shall, on the request of the officer or teacher concerned, be referred to a Tribunal of arbitration consisting of one member appointed by the Executive Council, one member nominated by the officer or teacher concerned, and an umpire appointed by the Chancellor. The decision of the Tribunal shall be final, and no suit shall lie in any Civil Court in respect of the matters decided by the Tribunal. Every such request shall be deemed to be a submission to arbitration upon the terms of this Section within the meaning of the Indian Arbitration Act, 1899, and all the provisions of that Act, with the exception of Section 2 thereof, shall apply accordingly.

Tribunal of Arbitration.

45. (1) The University shall constitute for the benefit of its officers, teachers, and other servants such pension and provident funds as it may deem fit in such manner and subject to such conditions as may be prescribed by the Statutes.

Pension and Provident Funds.

(2) Where such a pension or provident fund has been so constituted, the Governor-General in Council may declare that the provisions of the Provident Funds Act, 1897, shall apply to such fund as if it were a Government Provident Fund.

**Territorial
exercise of
powers.**

46. Save as otherwise provided in this Act, the powers of the University conferred by or under this Act shall not extend beyond a radius of ten miles from the Convocation Hall of the University. Notwithstanding anything in any other law for the time being in force, no educational institution beyond that limit shall be associated with or admitted to any privileges of the University, and no educational institution within that limit, save with the sanction of the Chancellor, shall be associated in any way with or seek admission to any privileges of any other University incorporated by law in British India, and any such privileges granted by any such other University to any educational institution within that limit prior to the commencement of this Act shall be deemed to be withdrawn on the commencement of this Act:

Provided that, subject to the sanction of the Local Government, nothing in this Section shall apply to any agricultural or other technical institution established and maintained by the University.

TRANSITORY PROVISIONS.

**Completion of
courses for
students at
Lucknow
Colleges.**

47. (5) The number of persons to be appointed as members of the Court by the Chancellor shall be twenty.

(6) The number of persons to be elected as members of the Court by associations or other bodies approved in this behalf by the Chancellor shall not exceed ten. •

(7) Thirty persons shall be elected from their own body as members of the Court by donors of a sum of not less than five hundred rupees and not more than twenty thousand rupees, to or for the purposes of the University.

(8) Save as otherwise provided, members of the Court other than *ex-officio* members shall hold office for a period of three years:

Provided that teachers elected under head (iii) of Class III of sub-section (1) of Section 16 shall hold office so long only within the said period as they continue to be teachers.

Ordinances.

Regarding the mode of election of 20 members of the Court by the Registered Graduates from their own body under Section 16 (1) Class III (ii) of the Act and Statute 2 (3) of the Schedule.

1. The Registrar shall maintain in his office a Register of Graduates in such form as may be prescribed by Regulations made in this behalf by the Executive Council.

Every graduate whose name is entered in the said Register shall be entitled to vote at the election of members of the Court under Section 16 (1) Class III (ii) and Statute 2 (3).

2. Whenever there are more vacancies in the Court for election, the Registrar shall cause a notice to be issued showing the number of such vacancies and call on the registered graduates to make elections in the manner hereinafter laid down.

3. The Registrar shall prepare a voting paper containing the names and addresses of all the registered graduates whose names are entered in the said Register of Graduates and shall mark with an asterisk the name or names of such graduates, if any, who are already members of the Court. One such voting paper along with the notice referred to in paragraph 2 above, shall be posted under a registered cover to the name and registered address of each elector. The voting paper shall state the time and date on or before which it must be delivered in a sealed cover to the Registrar or posted to him in a registered cover, so as to reach him on or before the date and time fixed for the delivery of such paper. The time thus specified shall not be less than 21 days from the date on which the voting paper is posted.

4. The elector shall put a cross mark X against the name of the person or persons for whom he votes and strike out the names of the other persons for whom he does not vote. Such voting paper shall be signed by the elector.

5. Each elector may vote for the election of as many persons as there are vacancies but he shall not be entitled to give more than one vote to each person.

6. The voting papers shall be put in sealed covers by the voters which shall be delivered to the Registrar in his office on or before the date and time fixed for the delivery of voting papers or posted by the registered post so as to reach the Registrar before the said time and the said date.

7. The Registrar shall provide for the custody of such voting papers which shall be kept in the sealed covers unopened until the time and date fixed for the scrutiny of such voting papers. Due notice of such time and date as also the place of scrutiny shall be given by the Registrar to all the voters who shall have a right to be present during the scrutiny. On the said day the Registrar shall open the said covers and scrutinize them in the presence of a Committee of 3 persons appointed by the Vice-Chancellor for that purpose. The Registrar shall prepare a return of the votes obtained by each person, and such return, when prepared, shall be verified by the members of the Committee present during the scrutiny.

8. The person or persons who have obtained the highest number of votes shall be declared to have been duly elected to fill up the vacancy or vacancies.

9. Where two or more persons have obtained an equal number of votes and the vacancies available are less in number the Registrar shall report the case to the Vice-Chancellor, who shall, on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable which of the aforesaid persons shall be deemed to have been elected.

10. All objections to the voting papers, or the decisions of the Registrar on any point may, at once, be referred by the persons aggrieved to the Vice-Chancellor, whose order in such matters shall be final.

11. The Registrar shall, as may be necessary, prepare and print forms of voting papers for the use of the electors.

12. No election shall be deemed to be invalid by reason of the notice or the voting paper posted to any elector being not delivered to him for any reason by the Postal Department.

Regulation.

The election of members to the Court by the registered graduates in any particular year shall take place between the 1st of October and the 31st of December and no graduate shall be qualified to vote at this election unless his application

for registration has been submitted on or before the 1st of October in that particular year.

(For Registration of Graduates see Chapter XXXIX below.)

Regarding the mode of election of 20 members of the Court by the teachers of the University other than Professors and Readers from their own body under Section 16 (1) Class III (iii) of the Act and Statute 2 (4) of the Schedule. Ordinances.

• The mode of election of 20 members of the Court by the teachers of the University other than Professors and Readers from their own body under Section 16 (1) Class III (iii) of the Act and Statute 2 (4) of the Schedule, shall be as follows :—

1. Whenever there are one or more vacancies in the Court for election, the Registrar shall cause a notice to be issued and convene a meeting of the teachers of the University other than Professors and Readers. At such meeting the Registrar shall preside but shall not be entitled to vote thereat.

2. The members present shall vote for the person or persons whose names may be proposed at the meeting for election, and the person or persons who have obtained the highest number of votes shall be declared to have been duly elected to fill the vacancy or vacancies.

3. When two or more persons have obtained an equal number of votes and the vacancies available are less in number, votes will be taken a second time for the persons obtaining equal number of votes, and if again the person or persons obtain an equal number of votes, the Registrar shall report the case to the Vice-Chancellor, who shall, on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable which of the aforesaid persons shall be deemed to have been elected.

Regarding the mode of election of 30 members of the Court by the donors from their own body under Section 16 (1) Class III (vi) of the Act and Statute 2 (7) of the Schedule. Ordinances.

1. The Registrar shall keep in his office a list showing the names and addresses of all donors of a sum of not less than

five hundred rupees and not more than twenty thousand rupees, to or for the purposes of the University.

Every person whose name is entered in the said list shall be entitled to vote at the election of members of the Court under Section 16 (1) Class III (vi) of the Act and Statute 2 (7) of the Schedule.

2. Where the donors of the sum specified above are more persons than one, who constitute a joint family or a partnership firm, or a company, or corporation, the Registrar shall call upon such donors to elect, within a time to be fixed by him, one of their numbers to represent and act for them in voting at the election. If such donors fail to elect and notify the name and address of the person so elected by them, within the time specified in the notice, or within such further period of time as may be allowed by the Registrar, or are unable to agree as to the person who should represent them for the purpose of voting at the election, the Registrar shall lay the matter for orders before the Vice-Chancellor, who may nominate any one of their number to represent them at the election for the purpose of voting. The orders of the Vice-Chancellor shall be final. The name of the person so elected or nominated to represent such donors, shall be entered in the column of Remarks against the names of such donors and for purposes of serving all notices of election, of making nominations of persons to be elected and for voting at the election, the persons so noted as the representative of such donors, shall be deemed to be the person entitled to act as one of the electors.

3. Where the donor is a minor, or a person suffering from disability, or a ward of the Court the legal guardian of such person shall be entitled to act for him at such election as a voter, so long as the minority or disability continues or so long as he is a ward of the Court. Where the same person is not the guardian of the person and property of a minor, the guardian of the property shall be deemed to be the guardian within the meaning of this Ordinance.

4. Whenever there are one or more vacancies in the Court for election, the Registrar shall cause a notice to be issued

showing the number of such vacancies and call on the registered donors to make election in the manner hereinafter laid down.

5. The Registrar shall prepare a voting paper containing the names and addresses of all the registered donors whose names are entered in the said list of donors, and shall mark with an asterisk the name or names of such donors, if any, who are already members of the Court. One such voting paper along with the notice referred to in paragraph 4 above, shall be posted under a registered cover to the name and registered address of each elector. The voting paper shall state the time and date on or before which it must be delivered in a sealed cover to the Registrar or posted to him in a registered cover so as to reach him on or before the date and time fixed for delivery of such paper. The time thus specified shall not be less than 21 days from the date on which the voting paper is posted.

6. The elector shall put a cross mark \times against the name of the person or persons for whom he votes and strike out the names of the other persons for whom he does not vote. Such voting paper shall be signed by the elector. A person unable to sign his name may put his seal or mark instead. The seal or mark shall be made in the presence of and be witnessed by not less than two witnesses who shall attest the same. In such case as also in the case of *pardanashin* ladies, their signatures or seals or marks shall be authenticated by at least two such witnesses before a Magistrate or Judicial Officer or other persons entitled to attest affidavits for use in a Court of Justice.

7. Each elector may vote for the election of as many persons as there are vacancies but he shall not be entitled to give more than one vote to each person.

8. The voting papers shall be put in sealed covers by the voters which shall be delivered to the Registrar in his office on or before date and time fixed for the delivery of voting papers or posted by registered post so as to reach the Registrar before the said time and the said date.

9. The Registrar shall provide for the custody of such voting papers which shall be kept in the sealed covers unopened until the time and date fixed for scrutiny of such voting papers. Due notice of such time and date as also the place of scrutiny shall be given by the Registrar to all the voters who shall have a right to be present during the scrutiny. On the said day the Registrar shall open the said covers and scrutinize them in the presence of a Committee of 3 persons appointed by the Vice-Chancellor for that purpose. The Registrar shall prepare a return of the votes obtained by each person, and such return when prepared shall be verified by the members of the Committee present during the scrutiny.

10. The person or persons who have obtained the highest number of votes shall be declared to have been duly elected to fill up the vacancy or vacancies.

11. Where two or more persons have obtained an equal number of votes and the vacancies available are less in number, the Registrar shall report the case to the Vice-Chancellor, who shall, on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable, which of the aforesaid persons shall be deemed to have been elected.

12. All objections to the voting papers or the decision of the Registrar on any point may, at once, be referred by the persons aggrieved to the Vice-Chancellor whose orders in such matters shall be final.

13. The Registrar shall, as may be necessary, prepare and print forms of voting papers for the use of the electors.

14. No election shall be deemed to be invalid by reason of the notice or the voting paper posted to any elector being not delivered to him, for any reason by the Postal Department.

Regulations.

For the Conduct of the Meetings of the Court.

1. (a) The Registrar shall, not less than thirty days previous to each Annual Meeting of the Court, issue to each member a notice stating the time and place of the meeting, and

the Annual Report, the Annual Accounts, the Financial Estimates, and any draft Statutes and Ordinances to be considered at the Meeting.

(b) Any member who wishes to propose a resolution at the meeting shall forward the terms of the resolution to the Registrar so as to reach him not later than twenty-three days before the date fixed for the meeting.

(c) The Registrar shall, at least twenty days before the date of the meeting, issue an agenda paper showing the business to be brought before the meeting ; the terms of all the resolutions to be proposed of which notice in writing has previously reached him and the names of the proposers.

(d) Any member who wishes to propose an amendment to any of the proposals included in the agenda paper shall forward the terms of the amendment to the Registrar so as to reach him not later than thirteen days before the date fixed for the meeting.

(e) If any amendments are received, the Registrar shall, at least ten days before the date fixed for the meeting, issue a revised agenda showing all the proposed motions and amendments

2. In the case of special meetings the Registrar shall give such previous notice of the time and place of the meeting as the circumstances in each case may permit. In such cases he shall issue the agenda paper along with the notice of the meeting.

3. In the case of a special meeting called on a requisition signed by the members of the Court, it shall be accompanied by the terms of the resolution or resolutions which it is intended to propose, and also the names of the proposer and seconder of each such resolution.

4. No resolution, proposal, amendment, or other matter of business of which previous notice has not been given shall be brought before the Court at the annual meeting, except by the special permission of the Chairman.

5. At a special meeting of the Court any member may bring forward an amendment without previous notice being given.

6. At all meetings of the Court, twenty members inclusive of the Chairman, shall form a quorum. At the appointed time of the meeting the Registrar shall take notice whether a quorum is present.

7. Every motion shall be affirmative in form and must be seconded. A motion standing in the name of a member who is absent from the meeting may be proposed by any other member.

8. When a motion has been seconded the terms of it shall be stated by the Chairman and the discussion thereof, if any is raised, will then proceed. If no discussion is raised or no amendment thereto is proposed the motion will at once be put to vote.

9. Every question shall be decided by a majority of the votes of the members present. In the case of the votes being equal the Chairman shall have a casting vote in addition to his vote as a member.

10. When an amendment has been proposed and seconded, the terms of such amendments shall be stated by the Chairman and the discussion of the original motion and the amendment thereto will proceed *pari passu*, provided that only one motion and one amendment thereto shall be entertained at the same time.

11. No member shall be allowed to speak more than once in the course of the discussion of a motion or of a motion and an amendment, except the proposer of the substantive motion, who will have a right of reply in either case at the close of the discussion: provided that a member who has spoken on a motion before the proposal of an amendment thereto shall be entitled to speak once upon such amendment. No speech in the Court other than that of the Chairman shall exceed ten minutes. The member who first rises to speak at

the conclusion of previous speech has the right to be heard. In cases of doubt the Chairman shall decide who is in possession of the house. When the proposer has concluded his reply no further discussion of the motion or of the motion and the amendment can take place.

12. A motion for (1) dissolution of the meeting, (2) adjournment of the meeting, (3) adjournment of the discussion or (4) closure, may be made at any time as a distinct question, but not as an amendment, nor whilst a member is speaking.

13. If a motion for dissolution of the meeting is carried, the meeting shall stand dissolved. If a motion for adjournment of the discussion is carried, such discussion will stand postponed to the next meeting. If a motion for closure is carried, the substantive proposal or the amendment thereto as the case may be, shall immediately be put to the vote.

14. A member proposing the adjournment of the meeting or of the discussion shall also mention the date and the time for such adjournment. A meeting or discussion continued on adjournment is to be deemed one with that preceding the adjournment.

15. A motion of the kind mentioned in Regulation 12 shall be put to the vote forthwith without discussion. If negatived the substantive discussion shall be resumed and continued in the same manner as if no such motion had been made.

16. A motion or amendment may be withdrawn by the proposer with the consent of two-thirds of the members present at the meeting.

17. Any member may with the permission of the Chairman even whilst another is speaking rise to explain any misconception of expressions used by him, but he shall confine himself strictly to such explanation.

18. Any member may at any time in the course of discussion rise and call the attention of the Chairman to a point of order. If a point of order is raised by one member in the

course of speech by another, the speaker shall resume his seat until the Chairman has decided it. If the Chairman is of opinion that the point of order has been raised vexatiously, or for the purpose of mere obstruction or of interruption to the discussion or to the business of the meeting, he shall so declare it and it shall be deemed a breach of order.

19. The Chairman shall be the sole judge of any point of order and may, of his own instance or at the instance of a member, call to order any member who is speaking. If the member so called to order disregard such call, the Chairman may direct him to sit down. If the member so directed to sit down disregards or questions any order or ruling of the Chairman, the Chairman may forthwith take the vote of the meeting as to whether such member shall not be suspended from his functions as a member for that day. If two-thirds of the members present are in favour of such suspension, the Chairman shall declare the member offending suspended and such member shall be bound immediately to withdraw.

20. When a discussion is concluded, the Chairman shall, if no amendment has been proposed, put the motion to the vote. If an amendment has been proposed, he shall first state the terms of the motion and then those of the amendment thereto and shall then put the amendment to the vote. If an amendment is carried, the motion as altered thereby shall be stated by the Chairman, and may then be discussed as a substantive question to which an amendment may be proposed in manner hereinbefore provided. If an amendment is negatived, the substantive motion shall, in the absence of any other amendment being proposed thereto, be put to the vote.

21. On putting a motion or amendment to the vote, the Chairman shall call first for the expression of the opinion of the meeting by a show of hands and shall declare the result thereof. Any member dissatisfied with such a declaration may then and there demand a ballot. The Chairman shall thereupon select two or more from among the members to act

as tellers and shall hand to them a voting paper or papers ruled in two columns, one headed "for" and the other "against." The tellers shall then take such voting paper to each member, who shall subscribe his name in one or other of the two columns, according as he is in favour of or against the motion or amendment before the meeting.

22. When all the members present desiring to vote, including the tellers, have subscribed their names on the voting paper or papers the tellers shall cast up the number of the two columns and, when the totals have been recorded, shall sign their names thereto and hand the voting paper or papers to the Chairman, who will thereupon declare the result of the division. When the members are equal, the Chairman shall have a second or casting vote and, if he gives it, shall record the same on the voting paper below the signature of the tellers as follows: I give my casting vote ("for" or "against" the motion or amendment as the case may be), and shall sign his name and description as Chairman.

23. Proposals relating to votes of thanks, messages of congratulation, or condolence, addresses and other matters of like nature may be moved from the Chair and no notice of such proposal will be necessary.

13. No member shall be allowed to speak more than once in the course of the discussion of a motion or of a motion and an amendment, except the proposer of the substantive motion, who will have a right of reply in either case at the close of the discussion, provided that a member who has spoken on a motion before the proposal of an amendment thereto shall be entitled to speak once upon such amendment. No speech in the Academic Council other than that of the Chairman shall exceed ten minutes. The member who first rises to speak at the conclusion of a previous speech has the right to be heard. In cases of doubt the Chairman shall decide who is in possession of the house. When the proposer has concluded his reply no further discussion of the motion or of the motion and the amendment can take place.

14. A motion for (1) dissolution of the meeting, (2) adjournment of the meeting, (3) adjournment of the discussion, or (4) closure, may be made at any time as a distinct question, but not as an amendment, nor whilst a member is speaking.

15. If a motion for dissolution of the meeting is carried, the meeting shall stand dissolved. If a motion for adjournment of the discussion is carried, such discussion will stand postponed to the next meeting. If a motion for closure is carried, the substantive proposal or the amendment thereto, as the case may be, shall immediately be put to the vote.

16. A member proposing the adjournment of the meeting or of the discussion shall also mention the date and the time for such adjournment. A meeting or discussion continued on adjournment is to be deemed one with that preceding the adjournment.

17. A motion of the kind mentioned in Regulation 12 shall be put to the vote forthwith without discussion. If negatived the substantive discussion shall be resumed and continued in the same manner as if no such motion had been made.

18. A motion or amendment may be withdrawn by the proposer with the consent of two-thirds of the members present at the meeting.

19. Any member may, with the permission of the Chairman even whilst another is speaking, rise to explain any misconception of expressions used by him, but he shall confine himself strictly to such explanation.

20. Any member may at any time in the course of discussion rise and call the attention of the Chairman to a point of order. If a point of order is raised by one member in the course of speech by another, the speaker shall resume his seat until the Chairman has decided it. If the Chairman is of opinion that the point of order has been raised vexatiously, or for the purpose of mere obstruction or of interruption to the discussion or to the business of the meeting, he shall so declare it and it shall be deemed a breach of order.

21. The Chairman shall be the sole judge of any point of order and may, of his own instance or at the instance of a member, call to order any member who is speaking. If the member so called to order disregards such call the Chairman may direct him to sit down. If the member so directed to sit down disregards or questions any order or ruling of the Chairman, the Chairman may forthwith take the vote of the meeting as to whether such member shall not be suspended from his functions as a member for that day. If two-thirds of the members present are in favour of such suspension, the Chairman shall declare the member offending suspended and such member shall be bound immediately to withdraw.

22. When a discussion is concluded, the Chairman shall, if no amendment has been proposed, put the motion to the vote. If an amendment has been proposed, he shall first state the terms of the motion and then those of the

amendment thereto, and shall then put the amendment to the vote. If an amendment is carried, the motion as altered thereby shall be stated by the Chairman, and may then be discussed as a substantive question to which an amendment may be proposed in manner hereinbefore provided. If an amendment is negatived, the substantive motion shall, in the absence of any other amendment being proposed thereto, be put to the vote.

23. On putting a motion or amendment to the vote, the Chairman shall call first for the expression of the opinion of the meeting by a show of hands and shall declare the result thereof. Any member dissatisfied with such a declaration may then and there demand a ballot. The Chairman shall thereupon select two or more from among the members to act as tellers and shall hand to them a voting paper or papers ruled in two columns one headed "for" and the other "against." The tellers shall then take such voting paper to each member, who shall subscribe his name in one or other of the two columns, according as he is in favour of or against the motion or amendment before the meeting.

24. When all the members present desiring to vote, including the tellers, have subscribed their names on the voting paper or papers, the tellers shall cast up the number of the two columns and, when the totals have been recorded, shall sign their names thereto and hand the voting paper or papers to the Chairman, who will thereupon declare the result of the Division. When the numbers are equal, the Chairman shall have a second or casting vote and, if he gives it, shall record the same on the voting paper below the signature of the tellers as follows : I give my casting vote ("for" or "against" the motion or amendment as the case may be), and shall sign his name and description as Chairman.

25. Proposals relating to votes of thanks, messages of congratulation or condolence, addresses and other matters of like nature may be moved from the Chair and no notice of such proposal will be necessary.

XIII.—THE FACULTIES (GENERAL)

(1) The University shall include the Faculties of Arts, Science, Medicine, Law, and Commerce, and such other Faculties (whether formed by the sub-division or combination of an existing Faculty or Faculties, or by the creation of a new Faculty or otherwise) as may be prescribed by the Statutes. Each Faculty shall, subject to the control of the Academic Council, have charge of the teaching and the courses of study and the research work in such subjects as may be assigned to such Faculty by the Ordinances.

The Head of every such Department shall be the Professor of the Department or, if there is no Professor, the Reader. If there is more than one Professor or more than one Reader of a Department, as the case may be, the Vice-Chancellor shall appoint such Professor or Reader to be Head of the Department as he thinks fit. The Head of the Department shall be responsible to the Dean for the organization of the teaching in that Department.

(5) The Deans of Faculties shall be elected by the Faculty from among the Heads of Departments of the Faculty. The Dean shall receive in respect of his duties as Dean such additional remuneration (if any) as shall be fixed by the Executive Council, and shall hold office as Dean for such term as may be prescribed by the Statutes.

(1) Each Faculty shall consist of—

(i) the Professors and Readers of the Departments comprised in the Faculty ;

Statute 8 of
the Schedule.

(ii) such teachers of subjects assigned to the Faculty as may be appointed to the Faculty by the Academic Council ;

(iii) such teachers of subjects not assigned to the Faculty but having, in the opinion of the Academic Council, an important bearing on subjects so assigned as may be appointed to the Faculty by the Academic Council ; and •

(iv) such other persons as may be appointed to the Faculty by the Academic Council on account of their possessing expert knowledge in a subject or subjects assigned to the Faculty.

(2) The total number of members of each Faculty shall not exceed in the case of the Faculties of Arts and Science thirty, and in the case of any other Faculty fifteen, except with the sanction of the Chancellor given on the request of the Academic Council.

Statute 9 of
the Schedule.

Subject to the provisions of the Act, each Faculty shall have the following powers, namely :—

(a) to constitute Committees of Courses and Studies ;

* (b) to recommend to the Academic Council the Courses of Studies for the different Examinations, after consulting the Committees of Courses and Studies ;

* (c) to report on such matters as may be referred to it by the Academic Council.

Statute 11 of
the Schedule

(1) The Dean of each Faculty shall be the executive officer of the Faculty, and shall preside at its meetings. He shall hold office for three years :

* Provided that in case he is absent on leave for a period exceeding three months, his place may be temporarily filled up for the period of his absence by a fresh election.

* Subject to assent by H. E. the Chancellor.

(2) He shall issue the lecture lists of the University in the Departments comprised in the Faculty and shall be responsible for the conduct of teaching therein.

(3) He shall have the right to be present and to speak at any meeting of any Committee of the Faculty but not to vote unless he is a member of the Committee.

1. Members of Faculties appointed under sub-clauses (i), (ii), (iii), and (iv) of Statute 8 (1) shall hold office for a period of two years: Statute.

Provided that teachers appointed under Statute 8 (1) (ii) and 8 (1) (iii), shall hold office for so long only as they continue to be teachers: and

* Provided that a member who has been absent from three consecutive Meetings of the Faculty may be declared by the Vice-Chancellor to have ceased to be a member of the Faculty.

Provided that no such action shall be taken without affording the Committee of Management of such College or Hall an opportunity of making such representation as it may deem fit.

The Colleges and Halls maintained by the University Statute. are :—

- (1) The Canning College.
- (2) The King George's Medical College.

The Colleges recognized by the University are :—

- (1) The Isabella Thoburn College.

B.—The Canning College.

The Canning College, founded by the Taluqdars of Oudh in memory of Earl Canning, Viceroy and Governor-General of India, 1856-1862, was opened on May 1st, 1864. The institution comprises two Departments, the College Department, which was affiliated to the Allahabad University from its inception in 1888, until the creation of Lucknow University in 1920, and the Oriental Department, teaching Sanskrit, Arabic and Persian, and preparing students for the examinations of the Sanskrit College, Benares, and the Departmental examinations.

By the Canning College Act of 1922, the Canning College was transferred to the Lucknow University, and is now a College maintained by the University.

The College is supported by the Taluqdars of Oudh and Government grants. By a *sanad*, duly executed, the Taluqdars endowed the College in perpetuity with a charge of $\frac{1}{2}$ per cent on the revenue demand of their estates. When the Colvin Taluqdars' School was founded, it also became a charge on this endowment. In 1910 the contribution was raised to $\frac{3}{4}$ per cent, the additional $\frac{1}{4}$ per cent being the endowment of the Colvin Taluqdars' School. The total contribution, including of about Rs. 25,000 for the Colvin Taluqdars' School, amounts to about Rs. 75,000 per annum. It is collected by the officers

of Government, and deposited in the Imperial Bank of India to the credit of the Canning College. The regular Government grant is an amount equal to the Taluqdars' contribution. A supplementary grant rising to a maximum of Rs. 17,000 per annum was made by Government in 1920. The total income from endowment, Government grants, and fees aggregates about one lakh and ninety thousand rupees per annum.

The College is managed by the Executive Council of the University through a Board of Management.

Regulations.

1. The Board of Management of the Canning College shall consist of 10 Members elected annually by the Executive Council, of which not less than one-half shall be persons who are members of the Court of the University and are also members of the British Indian Association of Oudh.

2. The Principal of the Canning College shall be the Chairman and Convener of the Board of Management.

3. Four members of the Board inclusive of the Chairman shall form a *quorum*.

4. The Board shall meet when required, but ordinarily once a term.

5. The powers and duties of the Board shall be:—

- (a) To look after the general administration and upkeep of the Canning College;
- (b) To appoint Wardens and Sub-Wardens to the Hostels;
- (c) To appoint persons to the clerical and menial staff of the College;
- (d) To exercise general control over the administration of the College grounds and to appoint menial servants for the purpose;
- (e) To prepare the draft Annual Budget for the College;

- (f) To make recommendations to the Executive Council, regarding the general requirements of the College.

N.-B.—In these rules, the term “College” is as defined in the Lucknow University Act.

C.—The King George’s Medical College.

To commemorate the visit of His Majesty the King-Emperor as Prince of Wales to these Provinces, a movement was started in 1905 by the Zamindars and the Taluqdars of Agra and Oudh to establish a Medical College in Lucknow.

The foundation stone was laid by His Royal Highness the Prince of Wales in 1906 and during the second visit for the Coronation Durbar as King-Emperor His Majesty was pleased to give his consent to designate the College by his name.

The designs were executed by Sir Swinton Jacob in the Indo-Saracenic style. The College was completed in 1911 and was formally opened by His Honour Sir John Hewett, G.C.S.I., on the 27th of January 1912.

A spacious Hospital with Out-patients Department from the designs of the same architect was also constructed by Government and His Excellency Lord Hardinge formally opened it in January 1914. Her Majesty the Queen-Empress was pleased to give her consent that her name be connected with the Hospital. The Hospital was equipped with the most up-to-date appliances and nursing arrangements and has accommodation for 232 patients.

In March 1921, the College along with the Hospital was incorporated in the Lucknow University, and is at present managed by the Executive Council of the University through a Board of Management.

Regulations.

1. The Board of Management of the King George's Medical College shall consist of 8 members elected annually by the Executive Council.

2. The Principal of the King George's Medical College shall be the Chairman and Convener of the Board of Management.

3. Four members of the Board inclusive of the Chairman shall form a *quorum*.

4. The Board shall meet when required, but ordinarily once a term.

5. The powers and duties of the Board shall be:—

(a) To look after the general administration and upkeep of the College as a unit of residence;

6. Professors and Readers will ordinarily be appointed as House Tutors together with such senior Lecturers as may be required.

7. The University will supply each House Tutor with a book-file to keep the record of his students and a record form which will be completed and returned to the Principal every year.

III.—HOSTELS

Canning College Hostel Rules.

1. The Hostel is under the management of the Warden who is responsible to the Principal.

2. A resident who is guilty of insubordination or conduct prejudicial to propriety or discipline is liable to instant dismissal from the Hostel by the Superintendent.

3. Students are admitted to the Hostel by the Principal, and may not leave the Hostel to reside elsewhere except with his written sanction.

4. No resident may go to his home without informing the Superintendent, except at the Moharram, Dasehra, Diwali, Christmas, and Holi holidays, and at the commencement of the long vacation.

5. Rooms will be allotted to residents by the Superintendent, and no change of room will be allowed except with his permission.

• 6. Each resident is responsible for the cleanliness and good order of his room and [for]the furniture allotted to him. He will be held responsible for any damage to the Hostel property or furniture in his charge.

7. Each resident on admission will receive a lock and key for his room on payment of a deposit of one rupee, which will be refunded when the articles are returned. In the event of lock or key being lost he will be required to pay the cost of replacement. Locks and keys must be returned before the long vacation begins.

8. Residents should invariably lock their rooms during even a temporary absence, and are warned against the risk of keeping valuables of any description in their rooms. Any loss should be immediately reported to the Superintendent, who will, if necessary, investigate the circumstances of the loss. In no case, however, will the Hostel authorities be responsible for such loss.

9. A full month's rent will be charged for each month or fraction of a month in which a room is occupied.

Residents vacating their rooms are required to give one week's notice of their intention to do so. In default of this notice they will continue to be charged rent as if still in residence.

• •
10. Rooms may be reserved at the commencement of a session, by students who were residents during the preceding session, provided a written request* is submitted to the Superintendent before the close of that session, and one month's

rent is deposited in advance ; but no room will be reserved for a longer period than one month if required by another applicant.

11. Residents are strictly forbidden to strike or interfere with or abuse Hostel servants in any way whatsoever.

No breach of this rule will be tolerated, and no excuse whatever will be accepted for an offence against it. Any complaint must be addressed in writing to the Superintendent, who will investigate the complaint, and, if necessary, punish the offending servant.

12. All mess and private servants are under the control of the Superintendent who may punish them by fine or otherwise, or require them to leave the Hostel.

13. No stranger is allowed to stay in the Hostel for the night except with the *previously obtained* written sanction of the Superintendent.

A breach of this rule will be regarded as a serious offence.

14. Any case of serious illness should be at once reported to the Superintendent.

King George's Medical College Hostel Rules.

1. The Hostel shall be open to the students of the Medical Faculty only.

2. All undergraduates of the Medical Faculty shall reside in the Hostels unless specially exempted by the Dean.

3. Rooms may be reserved at the commencement of a session, by students who are residents during the preceding session, provided a written request is submitted to the Warden before the close of that session.

If two or more students apply for the same room the allotment will be determined by the Warden.

4. Each resident must occupy the room allotted to him by the Warden and no change of rooms shall be made without his permission.

5. Each resident shall be provided with:—

(a) A furnished bed-room and light.

(b) Use of the common room.

(c) Free Medical attendance.

6. Each resident is responsible for the cleanliness and good order of his room and for the furniture allotted to him. He will be held responsible for any damage to the Hostel property of furniture in his charge.

7. In Hostels fitted with electric light the residents shall be responsible for the loss or damage to electric fittings in their rooms.

8. If any rooms are found lit when they are unoccupied even for a short period or if found lit at night after the resident has gone to sleep, a fine of annas 6, and if found lit during daylight, a fine of annas 8, will be levied for each offence.

9. Application for plug points in rooms should be made to the Warden for which a charge of Rs. 24 a year should be deposited in advance

10. Any students found tapping off light points shall be charged Rs. 48 in addition to the cost of repairs which may be incurred by such action.

11. Residents shall make their own arrangements for food, but no meal shall be served in their rooms without the special sanction of the Warden.

12. Residents should invariably lock their rooms during even a temporary absence, and are warned against the risk of keeping valuables of any description in their rooms. Any loss should be immediately reported to the Assistant Warden, who will, if necessary, investigate the circumstances of the loss and will report to the Warden. In no case, however, will the Hostel authorities be responsible for such loss.

13. Residents may keep private servants but they shall be under the control of the Assistant Warden in all matters of discipline.

14. All complaints against Hostel servants, licence holders, and others should be brought to the notice of the Assistant Warden through their respective monitors. The Assistant Warden will investigate the complaint and will report to the Warden if in his opinion the offender is deserving punishment.

15. Residents are strictly forbidden to strike or interfere with or abuse Hostel servants in any way whatsoever

No breach of this rule will be tolerated, and no excuse whatever will be accepted for an offence against it.

16. No stranger is allowed to stay in the Hostel for the night except with the *previously obtained* written sanction of the Warden, 48 hours before the intended visit.

17. No resident shall be absent from his Hostel after 8 p.m. in winter and 9 p.m. in summer unless he has obtained special permission of the Assistant Warden to do so or he has night duty in Hospital. The Assistant Warden will issue night permits during office hours. The gates of the Hostels will be locked and residents coming later than 10 p.m. will enter their names in a book kept with the *chowkidar*.

18. Any student absent from his Hostel at night without leave shall be considered guilty of misconduct and will be subject to a fine or any other punishment to be determined by the Warden.

19. Residents will carefully observe the leave rules of the Medical College and under no circumstances shall they leave the station without first obtaining sanction of the Warden, except that the residents who have no clinical duties, or have been exempted from such duties by order may leave the station without permission during the long vacation and the recesses between the terms. They should, however, verbally inform the Assistant Warden of their intention to leave the station.

20. Monitor for each Hostel will be appointed by their respective Wardens at the commencement of the session.

21. Monitors will be responsible to the Assistant Wardens for the general cleanliness of the Hostels, kitchens and latrines.

22. Monitors will submit their daily reports to the Assistant Warden at 9 p.m. in winter and 10 p.m. in summer, on—

- (a) late return of residents ;
- (b) absence of residents from the Hostels with or without leave ;
- (c) cases of illness among the residents ;
- (d) stay of strangers in the Hostel with or without permission ;
- (e) complaints regarding Hostel or private servants ;
- (f) sanitation of the Hostels ;
- (g) any other complaint which is connected with the residents or their welfare,

23. The Assistant Wardens in consultation with the monitors will allot kitchens to the residents and will settle all disputes in connection with the different messes. They will, however, report all such cases to the Warden which require his decision.

24. The Assistant Wardens will be responsible for the discipline of all the residents in the Hostel and will supervise the general cleanliness, will attend the ailing residents or advise their admission to the Hospital, will see that the above rules are observed, and will report to the Warden all matters affecting the discipline or welfare of the residents.

25. No General Meeting will be held within the Hostel without the permission of the Warden.

26. Students guilty of misconduct or wilful breach of any of the Hostel rules will be subject to the punishment as determined by the Warden.

27. Any question not covered by these rules shall be settled by the Warden.

Endowments

HEWETT SIR HARNAM SINGH GOLD MEDAL.

In February, 1910, Raja Sir Harnam Singh placed at the disposal of the Allahabad University a sum of Rs. 2 000 (now invested in $3\frac{1}{2}$ per cent promissory notes) in order to found a Gold Medal to be called "Hewett Sir Harnam Singh Gold Medal" to be awarded annually to the most successful B.Sc. student from the Canning College, Reid Christian College, or Isabella Thoburn College.

In April, 1922, this was transferred to the Lucknow University and is now being awarded to the students of the Canning College since there are no B.Sc. classes in the Isabella Thoburn College at present and the Lucknow Christian College (Reid Christian College) has ceased to prepare students for the B.A. and B.Sc. Degrees.

Awarded 1922.—Ajit Kumar Mitra.

PEARY LAL CHAK MEDAL.

In November, 1921, Pandit Sangam Lal Chak made over to the University a 5 per cent Government promissory note of the value of Rs. 1,000, in order to found a medal to be called the "Peary Lal Chak Medal" in memory of his son Pandit Peary Lal Chak.

The medal is awarded on the result of competition (open to all graduate students of the University) for the best essay in English dealing with a literary or social topic. The Academic Council of the University appoints a Committee each year consisting of the Head of the English Department and 2 more members to set the subject and judge the essays. If in any year in the opinion of the judges no essay of sufficient merit is sent in, the medal is not awarded for that year.

No medal was awarded in 1922.

The subjects selected for 1923 are :

1. Folk Lore and Folk Songs in the United Provinces.
2. Indigenous Systems of Social Government in the United Provinces with special reference to guilds and village communities.

•A medal will be awarded to the best Essay in each subject.

CAPTAIN KUNWAR INDRAJIT SINGH SCHOLARSHIP.

In April, 1922, Raja Sir Harnam Singh, Ahluwalia, K.C.I.E., vested $3\frac{1}{2}$ per cent Government promissory notes of 1854-55 of the value of Rs. 58,400, in the Treasurer of Charitable Endowments for the territories subject to the Government of the United Provinces of Agra and Oudh in order to found one or more scholarships to commemorate the memory of his son Captain Kunwar Indrajit Singh, M.C., I.M.S. The conditions of award are as follows :—

(1) A scholarship will be awarded only for original research in one of the branches of Medical Science and will be tenable ordinarily for six months. The term of a scholarship-holder may however be extended up to a maximum limit of 2 years.

(2) The value and the number of scholarships will be determined by the persons acting in the administration of

the Trust, viz., (1) the donor or his heir and (2) the Principal of the King George's Medical College, Lucknow. The maximum value of a scholarship shall be Rs. 200 per mensem.

(3) Every Medical graduate of the Universities of the Punjab and the United Provinces of Agra and Oudh, who is an Indian by birth shall be eligible to compete for a scholarship.

XLIII.—EXAMINATIONS

A—General and Miscellaneous

GENERAL.

1. Admission of students to the University shall be made by an Admission Committee (including at least one Principal and one Provost) appointed for that purpose by the Academic Council. Section 34 of the Act.

2. Students shall not be eligible for admission to a course of study for a degree unless they have passed the Intermediate Examination of an Indian University incorporated by any law for the time being in force, or an examination recognized in accordance with the provisions of this Section as equivalent thereto, and possess such further qualification (if any) as may be prescribed by the Ordinances :

Provided that until such recognized examination be established, students who have passed an examination for admission instituted by the University in accordance with the Ordinances shall be eligible for admission.

3. The conditions under which students may be admitted to the diploma courses of the University shall be prescribed by the Ordinances.

4. The University shall not, save with the previous sanction of the Governor-General in Council recognize (for the purpose of admission to a course of study for a degree), as equivalent to its own degrees, any degree conferred by any other University, or, as equivalent to the Intermediate Examination of an Indian University, any examination conducted by any other authority.

(1) All arrangements for the conduct of examinations shall be made by the Academic Council in such manner as may be prescribed by this Act and the Ordinances. Section 35 of the Act.

(2) If any Examiner is for any cause incapable of acting as such, the Vice-Chancellor shall appoint an Examiner to fill the vacancy.

(3) At least one Examiner, who is not a member of the University, shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University Degree.

(4) The Academic Council shall appoint Committees, consisting of members of its own body or of other persons or of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication.

Ordinances.

1. Except as provided in Ordinance 2 below, a candidate, when admitted to one or more subsequent examinations, shall, before admission, pay the prescribed fee for such examination on each occasion when he is so admitted.

2. A candidate who fails to pass, or who from sickness or other cause is unable to present himself for any examination shall not receive a refund of his fee ; provided that the Executive Council may for sufficient cause permit the candidate to present himself for the next ensuing examination, without payment of a further fee.

Regulations.

1. The University examinations shall be held in the beginning of April.

2. The marks of the candidates for the University examinations shall be re-totalled on the application of a candidate on payment of Rs. 10.

3. The period for the re-totalling of marks shall be within one month from the date of the publication of the examination results and the answer-books of the candidates shall be preserved only for three months from the date of publication of the examination results.

For further particulars, see Chapters XXIX, XLI, XLIV, XLV, XLVI, XLVII, and XLVIII.

MISCELLANEOUS.

1. Teachers who have completed a course for a Degree in the Lucknow University might be admitted to subsequent Degree examinations without further attendance at lectures, provided that their applications for permission to appear meet with the approval of the Heads of the Departments concerned. Ordinances.

• 2. The subjects of examination, courses of study, tests, and the standards prescribed for passing or taking a place in the various divisions or classes in the different examinations for the Degrees in the Faculties of Arts, Science, and Medicine for the examination of 1922, shall be the same as at present laid down or prescribed by the University of Allahabad for the corresponding examinations of that University.

• 3. The question papers for the examinations of the Faculties of Arts and Science for 1922 shall be the same as those of Allahabad University.

Persons who are not regular members of the University and who do not intend to proceed to any degree of the University, may be permitted, subject to the approval of the Lecturer and the Head of the Department concerned, to attend courses of lectures given in the University. Teachers in schools situated within the territorial jurisdiction of the University shall be permitted to enjoy this privilege without payment of a fee. Other persons shall be charged a fee, which shall not be less than that paid by the regular students of the University. Regulation.

B.—Appointment of Examiners.

The Executive Council shall, subject to the powers conferred by this Act on the Vice-Chancellor, regulate and determine all matters concerning the University in accordance with this Act, the Statutes, and the Ordinances : Section 20 (c) of the Act.

Provided that no action shall be taken by the Executive Council in respect of the appointment of, and fees paid to Examiners, and the number, qualifications, and the emoluments of teachers otherwise than after consideration of the recommendations of the Academic Council.

Section 35 (2)
and (3) of the
Act.

If any Examiner is for any cause incapable of acting as such, the Vice-Chancellor shall appoint an Examiner to fill the vacancy.

At least one Examiner who is not a member of the University shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University Degree.

The Academic Council shall have the following powers, namely:—

-
- (c) To recommend the appointment of Examiners after report from a Committee constituted for this purpose, which shall consist of:—
- (i) The Vice-Chancellor,
 - (ii) The Dean of the Faculty concerned,
 - (iii) The Head of the Department concerned,
 - (iv) A member of the Academic Council to be nominated for the purpose by that body,
 - (v) A member of the Faculty concerned to be nominated for the purpose by that body,
 - (vi) A member of the Committee of Courses and Studies concerned to be nominated for the purpose by that body.

C.--Moderation of Question Papers.

Section 33 (4)
of the Act

The Academic Council shall appoint Committees, consisting of members of its own body or of other persons or

* Subject to assent by H. E. the Chancellor.

of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication.

1. The Committees for Moderating the examination questions shall be composed of the Paper-setters in a particular subject, provided that the Head of the Department of Study concerned shall be a member of the Committee and the convener thereof. Regulation.

D. - Examination Results

The Executive Council shall publish the results of the University examinations. Section 20 (i) of the Act.

The Academic Council shall appoint Committees, consisting of members of its own body or of other persons or of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication. Section 35 (4) of the Act.

1. The Heads of Departments in each Faculty shall constitute a Committee to report to the Executive Council on the results of the examinations of that Faculty. Regulation.

E.—Remuneration to Examiners.

1. Remuneration to Examiners shall be allowed according to the scale given below. For doing any work for which no fee has been prescribed, the Executive Council shall, as necessity arises, fix such fee as it may consider reasonable. Regulations.

In calculating remunerations to Examiners, two or more identical question papers, even if set for distinct examinations, shall count as a single paper.

2. Examiners, who do not ordinarily reside in Lucknow, shall be allowed Travelling and Halting allowances according to the standing rules prescribed by the University in that behalf, in addition to the remuneration to which they may be entitled under the rules herein laid down.

3. Fee for the Practical, Clinical, or Oral examination is intended to cover the whole of that examination, whether conducted on paper, or orally, or partly oral and partly on paper.

A. B. Keith : . . . Dominion Home Rule in Practice.

V. G. Kale : . . . Indian Administration.

The following books have been recommended :—

Morris and Garner : . . . Civil Government for Indian Students.

Lowell : . . . Government of England.

Lowell :	... Government and Parties in Continental Europe.
Vincent :	... Government of Switzer- land.
S. M. Bose :	... Working Constitution of India.
Jenks :	... Government of the British Empire

B A Honours.

(Details to be prescribed later.)

M. A.

There shall be three papers, viz. :—

Paper I.—

Comparative Study of Political thought and institutions with a detailed study of one of the classical texts, like Aristotle's "Politics," Plato's "Republic," or Kautilya's "Arthashastra."

Prescribed Texts :—

W. Dunning :	.. History of Political Theories Vols. II and III.
H. J. Laski :	... Political Thought from Locke to Bentham.
Ernest Barker :	... Political Thought from Spencer to to-day.
B. K. Sarkar :	... Political Theories of the Ancient Hindus.
Bryce :	... Modern Democracies.

Classical Texts :—

1923-24 Kautilya ... Arthashastra.

1924-25 Aristotle ... Politics.

Paper II.—

International Law and Diplomacy.

Text: W. E. Hall ... International Law 7th Edition.
A. T. Lawrence ... Principles of International
Law.

Paper III.—

Seminar work followed by an examination or a thesis on a prescribed topic in relation to India such as :—

- (a) Electorates and Franchise ;
- (b) Proportional Representation ;
- (c) Local and Municipal Government in India ;
- (d) The relation of the Native States to the Indian Government ;
- (e) The League of Nations and Mandated Territories ;
- (f) The Colonial Civil Service and Administration ;
- (g) Colonial Policy and Tropical Administration ; and
- (h) The Federal Principle in its application to India Polity.

LATIN.

In Papers I and II half the marks will be allotted to Unseens ; and in Paper III two-thirds of the marks to Composition. In Composition a passage or passages of English Prose will be set to be rendered into the Classical Language.

The papers will be as follows :—

B. A. Pass.

There shall be three papers.

1. The following Syllabus has been prescribed for the Examination of 1924.

Paper I.—

Prose.	Cicero	... De Oratore Book I.
	Plautus	... Captivi.
	Terence	.. Adelphæ.

Unseen Prose.

Paper II.—

Poetry. Virgil ... *Georgics*, Books I & II.

Horace ... *Satires and Epistles*.

Unseen verses.

Paper III.—

Composition

History of Latin Literature (Mackail).

(There will be no Honours Courses in Latin for the present.)

VERNACULAR TEST.

There will be only one paper of three hours duration :—

The following books are recommended as models of style in Urdu, Hindi, and Bengali :—

Urdu—

1. Ab-i-Hayat Daor Panjum by Azad.
2. Khatut-i-Amir Minai (Selections).
3. Masnawi Gulzar-i-Nasim.
4. Khiyalat-i-Aziz by Maulvi Mohammed Aziz Mirza,
Zamana Press, Cawnpore.

Hindi—

1. Vinai Patrika by Sur Das.
2. Abhigyan Shakuntala Natak by Raja Lachman Singh.
3. Prachin Pandit aur Kavi.
4. Gadya Maladarsha by Pandit Jiwan Shanker Yajnik.

Bengali—

1. Rabindra Nath Tagore—Chayanika.
2. Ramendra Sundar Trivedi—Jijnasha.
3. Sarat Chander Chatterji—Vindur Chele and other
stories.
4. Dines Chander Sen—Selections from his History of
Literature.

Books in other Vernaculars will be recommended later.

XLV.—THE EXAMINATIONS—FACULTY OF SCIENCE**A—ORDINANCES AND REGULATIONS.****Bachelor of Science (General).**

1. Candidates shall not be admitted to the final examination or to any part of the examination prescribed for the Degree of B.Sc. unless they have :— Ordinances.

- (i) Completed a regular course of study as prescribed for that Degree and furnished a certificate signed by the Dean of the Faculty that they have attended 75 per cent of the University lectures in each subject offered by them for examination ;
- (ii) Fulfilled the conditions laid down for the residence of students ; and
- (iii) Passed the prescribed test in General English.

2. The test in General English will be held once at the end of every term, and students must pass it before the end of the first academic year. Instruction in general English will be provided by the University but no student shall be compelled to attend any course before appearing at the examination. Candidates who fail shall be allowed to take the test again.

B.Sc. Pass.

1. Courses of study for the B.Sc. Pass Degree shall extend over a period of two academic years and the Degree examination shall be held at the end of the second academic year.

2. Candidates shall be required before presenting themselves for the Degree examination to have resided in a College or under conditions laid down for the residence of students for not less than 90 per cent of the number of days during which the University is in session, in each academic year.

3. Every candidate shall be required to pass in either of the following groups of subjects :—

A.—Physics, Chemistry, and Mathematics ;

B.—Chemistry, Botany, and Zoology :

provided that no candidate shall be allowed to take any subject unless he has passed an examination in the corresponding subject in the Intermediate or any other examination recognized as qualifying for admission to a Degree course. •

4. Students who are reading for a Pass Degree may, on the recommendation of the Head of the Department, be transferred by the Dean to an Honours course at any time up to the end of the first term of study.

Regulations.

1. The examination for the Degree of Bachelor of Science shall be by means of papers, but candidates shall be required to undergo a practical examination, except in the case of Mathematics, examination in which shall be entirely by means of papers.

Candidates shall be required to pass separately in the practical examinations.

2. Names of successful candidates shall be arranged in three divisions. Candidates who obtain 60 per cent and upwards of the aggregate marks shall be placed in the *first* division. Candidates who obtain 48 per cent and upwards of the aggregate marks shall be placed in the *second* division. Candidates who obtain 36 per cent and upwards of the aggregate marks shall be declared to have passed. Names shall be arranged in alphabetical order within the divisions.

3. (a) Candidates must obtain 33 per cent of the total marks in each subject ;

(b) Class work shall be considered in the determination of results in the following cases :—

(i) When the marks gained by a candidate fall short by not more than 3 per cent of the aggregate marks required for a pass ;

- (ii) When the marks gained by a candidate are not more than 3 per cent above or below the aggregate marks required for a *first* or *second* division.

B.Sc. Honours.

1. Courses of study for the B.Sc. Honours Degree shall extend over a period of three academic years and there shall be an examination at the end of the third academic year. Students will not be permitted to enter for the examination for Honours later than the end of the fourth year of their residence. Ordinances.

2. Candidates shall be required, before presenting themselves for the Degree examination, to have resided in a College or under conditions laid down for the residence of students for not less than 90 per cent of the number of days during which the University is in session, in each academic year.

3. There shall be the following Honours Schools in the Faculty :—

- (1) Physics.
- (2) Chemistry.
- (3) Botany.
- (4) Zoology.
- (5) Mathematics.

4. Every candidate for the Degree of B.Sc. Honours shall, in addition to his Honours subject, be required to pass an examination in each of two subsidiary subjects, to be taken along with the principal subject. The following statement shows the subsidiary subjects which may be taken with a particular principal subject :—

<i>Principal subjects.</i>	<i>Subsidiary subjects.</i>
(1) Physics	... Chemistry and Mathematics.
(2) Chemistry	... Physics and Mathematics,
	or
	Botany and Zoology.
(3) Botany	... Zoology and Chemistry.
(4) Zoology	... Botany and Chemistry.
(5) Mathematics	... Physics and Chemistry.

5. The examination in the subsidiary subjects may be taken at the end of the second year, and shall be identical with the Pass B.Sc. Degree examination in those subjects.

6. A candidate for an Honours Degree who fails in one or both of the subsidiary subjects at the end of his second year may appear again at the end of the third year in the subject or subjects in which he has failed.

7. A candidate for an Honours Degree who attains the necessary standard in his subsidiary subjects but who fails to attain the Honours standard in his principal subject, shall be allowed to present himself for re-examination in that subject at the end of the next year, and if successful, shall be given an Honours Degree, but without class.

8. Candidates who have failed to obtain Honours may, if they attain the prescribed standard, be recommended for a Pass Degree.

9. Students who hold a Pass Degree and wish to take an Honours Degree with a view to qualifying for an M.Sc. Course, may be admitted to the Second Year Honours Class in the subject of their choice (which must be one of those taken for the Pass Degree) and qualify by a two years course of study to appear at the examination in Honours.

10. Candidates who have passed the examination of one Honours School may, after pursuing a further course of study approved by the Dean for at least one and not more than two academic years, be admitted to the examination of any other Honours School. Such candidates shall be required to take the papers in the principal subject of their second Honours School only and not in any subsidiary subjects.

11. Students who are reading for an Honours Degree may, on the recommendation of the Head of the Department concerned, be transferred by the Dean to the Pass course at any time up to the end of the first year of study.

12. A candidate who, having completed a course of study, is prevented by sickness from appearing in or completing

the examination, may supplicate for an *agrotat* Degree. The cases of such candidates will be decided upon the records of class work.

1. The examination for the Degree of Bachelor of Science, with Honours, shall be by means of papers; but candidates shall be required to undergo a practical examination, except in the case of Mathematics, examination in which shall be entirely by means of papers. Regulations

Candidates shall be required to pass separately in the practical examinations.

2. Candidates who pass the examination shall be classified in three divisions.

1st division 65 of the total marks in the Honours subject.

2nd „ 50 „ „ „ „ „

• 3rd „ 36 „ „ „ „ „

Candidates obtaining from 50 to 35 per cent of the total marks in the Honours subjects may be awarded a Pass Degree.

3. Names of successful candidates shall be published in such form as to distinguish the Honours Schools in which they have passed; they shall be classified in three divisions and arranged in alphabetical order within the classes.

Master of Science.

1. Candidates shall not be admitted to the courses for the Degree of Master of Science unless they have taken the Degree of B.Sc. (Hons.) of the University. Graduates in Science of other Universities* having Honours Schools may be admitted to the course for the Degree of Master of Science with the permission of the Academic Council. Ordinances.

2. The Degree of Master of Science shall be conferred on candidates who have graduated with Honours, provided they have—

(a) Completed a further course of study or research approved by the University;

* For the list of approved Universities see Chapter XII.

(b) Fulfilled the conditions laid down for the residence of students ; and

(c) Passed a prescribed examination which may include examination on a dissertation.

3. A candidate may one year after passing the B.Sc. Honours examination, present himself for the M.Sc. Degree, in the subject in which he took Honours.

† Transitory
Ordinances.

1. The examination for the Degree of Master of Science shall be open to all such candidates, who having obtained the Degree of B.Sc. of the University or of any other approved University* prior to the year 1924, shall have pursued a regular course of study for two academic years in any Department of the University.

NOTE.—A "regular course of study" means at least 75 per cent of the lectures delivered in a particular subject.

2. The examination shall consist of two Parts—Part I (Previous) and Part II (Final).

3. Part I (Previous) examination shall be held in the years 1923 and 1924 only, and Part II (Final) examination in the years 1923, 1924, and 1925 only.

4. A student, after completing a regular course of study in any Department of the University for not less than one academic year, shall be admitted to Part I (Previous) examination in the subject in which he intends to present himself for the Degree of Master of Science.

5. Part II (Final) examination shall be open to all students who have, since passing Part I (Previous) examination, prosecuted a regular course of study in any Department of the University for not less than one academic year.

6. Classes shall be awarded on the combined results of the examination in Part I (Previous) and Part II (Final).

* For the list of approved Universities see Chapter XLI.

† These Ordinances are intended to meet the cases of those students who began the B.Sc. courses in the University prior to the institution of the Honours courses.

7. The examination shall be partly by means of papers and partly practical. In Mathematics the examination shall be by papers only.

8. The subjects of examination shall be one of the following :—

- (1) Mathematics.
- (2) Physics.
- (3) Chemistry.
- (4) Zoology.
- (5) Botany.

1. The examination for the Degree of Master of Science shall be by means of papers. Candidates shall also be required to undergo practical and *viva voce* examinations except in the case of Mathematics. Regulations.

2. Names of successful candidates shall be published in such form as to indicate the subjects in which they have passed and to show whether they have presented a dissertation, and shall be arranged in alphabetical order in two classes. The minimum marks for Distinction shall be 70 per cent and for a Pass 36 per cent and upwards.

Doctor of Science.

1. The Degree of Doctor of Science shall be conferred upon — Ordinances.

(a) Masters of Science of not less than two years' standing of the University ;

(b) Masters of Science of not less than three years' standing of any approved University* ;

provided that any candidate who has not taken the Degree of M.Sc. in the University shall be required to have pursued his researches for the Doctor's Degree in or under the supervision of the University for not less than two academic years before presenting his dissertation.

2. A candidate who wishes to study in the University for the Degree of D.Sc. must, at the commencement of his

* For the list of approved Universities see Chapter XLI.

studies for the Degree, submit an application to the Faculty through the Head of the Department in which he wishes to study, giving specific details as to the course of study he proposes to pursue; and this application must, in every case, be approved by the Head of the Department.

3. A candidate for the Degree of D.Sc. must submit for adjudication by the Examiners appointed for the purpose three printed or typewritten copies of a thesis embodying the results of his investigation accompanied by the prescribed fees and by a brief statement describing the results of his investigation and indicating what part of the results he considers to be his own.

A thesis which has already been presented for the M.Sc. Degree will not again be accepted for the Degree of D.Sc. but it may be wholly or partly included in an extended investigation, provided that the part so included be clearly indicated.

4. If the Examiners consider the thesis to be of sufficient merit they may recommend that the candidate should receive the Degree without further examination or they may require him to undergo an examination, which may be written or oral, or both, on the subject of his thesis.

5. A printed or typewritten copy of each accepted thesis should be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidate, to be published as the University may direct.

6. The thesis, if accepted, shall be the property of the University.

7. The dissertation submitted for the Degree of D.Sc. shall be on some branch of one of the following Sciences:—

- (1) Physics,
- (2) Chemistry,
- (3) Botany,
- (4) Zoology, or
- (5) Mathematics.

C—COURSES OF STUDY

PHYSICS

B.Sc. Pass.

The examination will comprise two papers in theory and a practical examination :—

Paper I.—General properties of Matter, Sound, and Heat

Paper II.—Optics, Electricity, and Magnetism.

* The following syllabus will show the scope of work in different branches :—

General Properties of Matter—Matter, mass, energy units, and dimensions. Use of dimensional equations. Laws of motion ; constant of gravitation. Cavendish's, Boy's, and Joly's experiments. Elementary problems on attraction, *e. g.*, attraction of a rod, a disc, and a sphere. Gauss's theorem. Potential, equipotential lines and lines of force. Elasticity. Hooke's law. Young's modulus, Modulus of rigidity. Bulk modulus. Poisson's ratio. Moment of inertia and radius of gyration. Calculation of moments of inertia in simple cases, *e. g.*, thin rod, ring, rectangular and circular plates. Sensibility of a Balance. Boyle's law. Vacuum pumps. Simple harmonic motion. Simple and compound pendulums. Surface tension and viscosity

Sound.—Production and propagation of sound. Determination of velocity of sound and its relation to elasticity and density of the medium. Doppler's principle. Reflection, refraction and interference of sound. Beats. Stationary and Progressive wave motion. Determination of frequency and wave lengths. Vibration of strings and air columns. Lissajou's figures. Structure of the ear. Consonance and dissonance.

Heat.—Thermometry Co-efficients of expansion of solids, liquids, and gases, and their variation with temperature. Calorimetry. Specific heat. Change of state and latent heat. Vapour pressures and their determination. Hygrometry. Radiant heat and its reflection, refraction, absorption and emission. Prevost's theory of exchanges. Conductivity and determination of co-efficients of conductivity. Indicator, diagrams. Carnot's heat engine. Laws of thermodynamics. Thermodynamical relations and their simple applications. Absolute scale of temperature. Determination of Mechanical Equivalent of Heat. Kinetic theory of gases. Critical temperatures. Van der Waal's equation.

Optics.—Propagation of light. Determination of velocity of light. Reflection and refraction. Mirrors and lenses. Dispersion and spectrum analysis. Spherical and chromatic aberration. Achromatic combinations. Telescopes and Microscopes. Ramsden and Huyghen's eye-pieces. Elementary knowledge of the structure of the eye and defects of vision. Wave theory of light. Rectilinear propagation of light. Deduction of the laws of reflection and refraction by wave theory. Interference of light. Newton's rings and colours of thin plates. Diffraction. Double refraction in uniaxial crystals. Quarter wave plate. Plane, circularly and elliptically polarised light. Rotation of plane of polarisation. Simple polarimeter. Bi-quartz.

Magnetism and Electricity.—Lines of magnetic force. Magnetic potential. Action of one magnet upon another. Terrestrial magnetism. Magnetic induction. Magnetic shell. Permeability. Hysteresis. Diamagnetism.

Proof of the law of electric repulsion and attraction. Induction. Dielectric constant. Thomson's quadrant and absolute electrometers. Measurement of capacity, potential and energy. Induction machines. Coulomb's theorem.

Ohm's law. Galvanometers. Measurement of resistances. Joule's law. Potentiometer. Conjugate conductors and Wheatstone's net work. Electrolysis and electro-chemical equivalent. Thermo-electric currents. Peltier and Thompson's

effects. Electro-magnetism. Electro-magnetic induction. Mutual and self induction. Induction coil. Growing and decaying currents. Elementary theory of the dynamo. Motors and transformers. Ammeter. Voltmeter. Wattmeter. Oscillatory discharge of a Leyden jar. Hertzian waves. Electro magnetic theory of light. Discharge of electricity through gases. Cathode-rays and X-rays. Elementary knowledge of radio-activity.

**List of experiments to be performed by
B.Sc. Pass students.**

1. Slide rule
2. Sensibility of a balance.
3. Determination of Young's modulus of a wire.
4. " " modulus of torsion.
5. Moment of inertia of a fly-wheel
6. Determination of surface tension.
7. Determination of pitch by falling plate method.
8. " " " " sonometer.
9. Velocity of sound by resonance.
10. Weight thermometer.
11. Co-efficient of linear expansion of rods.
12. Specific heat of a liquid by the method of cooling.
13. Constant volume air thermometer.
14. Dew point and humidity.
15. Determination of heights with a sextant.
16. Determination of refractive index of liquids and solids by microscope.
17. Spectrometer.
18. Focal length of concave and convex lenses.
19. " " " " " mirrors.
20. Photometry.
21. Determination of wave length by a diffraction grating.
22. Determination of H.
23. Determination of dip.
24. Variation of magnetic field due to a circular coil along the axis

25. Comparison of E. M. F.'s by potentiometer.
26. Resistance of a battery.
27. " " " galvanometer.
28. Measurement of specific resistance.
29. Electrical determination of J.
30. Electro-chemical equivalent of copper.

B.Sc. Honours.

The examination will comprise four papers in theory and a practical examination.

Paper I.—General Properties of Matter and Sound.

Paper II.—Heat.

Paper III—Optics.

Paper IV—Electricity and Magnetism.

The following syllabus in addition to that prescribed for the B.Sc. Pass will show the scope of work in different branches :—

General properties of matter.—Detailed pendulum experiments for determining "g." Impact of bodies. Bending of bars. Stability of soap films. Diffusion and transpiration of gases. Mean free-path of molecules. Viscosity of liquids and gases.

Sound—Logarithmic cents. Equations of motion for plucked strings. Melde's experiments. Theory of singing flames and maintenance of vibrations. Nodal lines and Chladni's figures. Kundt's tube. Objective nature of summation tones. Musical scales.

Heat.—Development of Heat theories. Accurate methods of measuring very low and very high temperatures. Absolute specific heat. Specific heat of saturated vapour and its inversion. Andrew's and Amagat's experiments with gases. Corresponding states. Conductivity of solids by periodic heating. General equation of conductivity. Black body radiation. Lummer and Pringsheim's experiments. Wien's and Stefan's

laws. Solar constant. Triple point. Reversible processes. Entropy. Corrections for gas thermometer

Light.—Caustics. Aplanatic foci. Corpuscular and wave theories of light. Resolving and dispersive powers of instruments. Anomalous dispersion. Energy distribution in the infrared visible, and ultraviolet spectrum. Fabry and Perot's etalon. Lummer and Gehrcke's plate. Michelson's echelon. Michelson's interferometer. Series spectrum. Trunk and root of series. Absorption spectra. Plane and concave diffraction gratings. Zone plate. Biaxial crystals. Internal and external conical refraction. Babinet's compensator. Ray and wave velocity. Fresnel's wave surface. Electro and magneto Optics

Electricity and Magnetism.—Measurement of magnetic fields. Grassot's fluxmeter. Accurate measurements of resistance, current and E. M. F. Storage batteries. Transformers. Series and shunt wound dynamos. Direct current and alternating current dynamos. Dynamometers. Polyphase currents. High frequency currents. Motors. Choking coils. Units and dimensions. Radio-activity. Alpha, Beta, Gamma, and Delta rays. Modern views of electricity. Structure of the atom. Cathode, Lenard, and Canal rays. Wireless transmission of photographs. Wireless telephony and telegraphy. Valve detectors. Hall effect. Corbino effect. Stark effect. Emission of electrons from hot bodies.

List of experiments to be performed in addition to those prescribed for the Pass Course by B.Sc. Honours students.

1. The planimeter.
2. Optical lever.
3. Determination of " g " by Kater's pendulum.
4. Maxwell's needle.
5. Surface tension of a soap film and angle of contact.
6. Viscosity of liquids.
7. Determination of Young's modulus of a bar.

8. Stroboscopic method of measuring pitch.
9. Measurement of velocity of sound in gases and solids by Kundt's method.
10. Measurement of wave length of a note by interference.
11. Constant pressure air thermometer.
12. Measurement of vapour pressure.
13. Determination of the ratio of sp. heats for air by Clement and Desormes's method.
14. Measurement of heat conductivity of copper.
15. Measurement of refractive index of a liquid by total reflection.
16. Calibration of a spectroscope.
17. Measurement of wave length of light by Fresnel's biprism.
18. Measurement of the wave length of light by Newton's rings.
19. Magnifying power of a microscope.
20. Rotation of the plane of polarisation by optically active substances.
21. Elliptically and circularly polarised light.
22. Determination of the figure of merit of a galvanometer.
23. Calibration of a bridge wire by Carey Foster's method.
24. Measurement of electrolytic resistance, by Kohlrausch's method.
25. Measurement of the E. M. F. of a thermocouple.
26. Standardisation of a ballistic galvanometer.
27. Comparison of capacities.
28. Measurement of co-efficient of self-induction.
29. Determination of hysteresis curve for iron.
30. Determination of H by earth-inductor.

M Sc. Part I (Previous)*(For the Examination of 1921.)*

The examination will comprise two papers and a practical examination.

Candidates will have to pass in the written as well as in the practical examinations separately.

Paper I.—Heat.

Paper II.—Properties of Matter and Sound.

*Theory :—*Students are expected to make an intensive reading of Heat, Sound, and Properties of Matter, paying special attention to the following :—

Kinetic theory of Matter, Mean free path, Liquefaction of Gases, Quantum theory of radiation and its bearing on specific heats of solids.

Supersaturated Vapours, Pyrometry, Thermodynamics.

Forced Vibrations, Fourier series and its application to plucked and struck strings, Acoustic determination, Combination tones ; Musical Scales.

Theory of impact, Bending of material Capillarity, Viscosity of solids, liquids, and gases.

Students are expected to acquaint themselves with the current scientific literature.

The practical work will be mainly confined to Heat, Sound, and Properties of Matter.

M. So. Part II (Final)*(For the Examinations of 1924 and 1925.)*

The examination will comprise four papers and a practical examination.

Candidates will have to pass in the written as well as in the Practical examinations separately.

Paper I.— }
II — } *Optics.*

III.— }
IV — } *Electricity and Magnetism.*

*Theory :—*Students are expected to make an intensive reading of Optics and Electricity, paying special attention to the following :—

Spectroscopy in the visible and invisible region. Spectral series Quantum theory of spectral lines ; Interferometers and echelons. Magneto Optics ; Electromagnetic view of reflection and refraction of light. General view of Relativity.

Units and dimensions ; Atomic Structure ; Transformers, Cathode-rays, Kanal-rays, X-Rays, Hertzian waves, Thermionics.

Students are expected to acquaint themselves with the current scientific literature.

The practical work will be mainly confined to Optics, Electricity, and Magnetism.

CHEMISTRY

B.So. Pass.

(For the Examinations of 1924 and 1925)

The examination in Chemistry will comprise two papers and a practical examination.

Paper I.—Inorganic and General Chemistry.

Paper II.—Organic Chemistry.

The following Syllabus is prescribed :—

Inorganic and General Chemistry.

I.—Historical outline of atomic theory ; kinetic theory of gases ; Van der Waal's equation ; determination of atomic and molecular weights ; phases, laws of mass action, reversible equations ; electrolysis and electrochemical equivalents ; ionic theory of solutions, osmotic pressure, influence of solutes on freezing and boiling points ; analogy between gases and dissolved substances ; avidity of acids and bases ; catalysis ; variation of Physical constant with constitution ; elements of spectrum analysis, thermochemistry and crystallography, periodic law.

The properties of the following elements and their important compounds :—

Helium, Lithium, Sodium, Potassium, Rubidium, Cesium, Copper, Silver, Gold, Glucinum, Magnesium, Calcium, Strontium, Barium, Zinc, Cadmium, Mercury, Boron, Aluminium, Thallium, Carbon, Silicon, Titanium, Tin, Lead, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Oxygen, Sulphur, Selenium, Tellurium, Chromium, Molybdenum, Fluorine, Chlorine, Bromine, Iodine, Manganese, Iron, Cobalt, Nickel, and Platinum. *

Organic Chemistry

II.—The paraffins and their simpler derivatives, viz., haloid derivatives, alcohol, aldehydes, ketones, monobasic acids and their derivatives.

The ethers ; esters ; amines ; glycols ; hydroxy-acids ; dicarboxylic acids ; glycerine ; cyanogen compounds and their derivatives ; urea ; and the simple carbohydrates.

The unsaturated hydrocarbons and their general properties.

Benzene, toluene, and their simple substitution products, aromatic amines and their derivatives ; diazo-compounds ; phenols ; aromatic alcohols, aldehydes and ketones ; quinones. Aromatic acids and their derivatives. Pyridine, naphthalene and their simple derivatives.

Elementary ideas on stereo-chemistry.

PRACTICAL EXAMINATION.

Inorganic Chemistry. The analysis of mixtures of substances containing not more than four radicals (positive or negative) by dry or wet methods.

Simple gravimetric estimations which do not involve separations.

Simple volumetric analysis and standardisation of solutions.

Simple inorganic preparations

Organic Chemistry.—Preparation of simple organic compounds.

B.Sc. Honours.

(For the Examinations of 1924 and 1925)

The examination will comprise four papers and a practical examination.

Paper I.—General and Physical Chemistry.

Paper II.—Inorganic Chemistry.

Paper III.—Organic Chemistry I.

Paper IV.—Organic Chemistry II.

Inorganic and General Chemistry.—Chemistry of the elements and their compounds treated in greater detail than in the Pass courses.

Metallurgy and technical applications of metals of industrial importance.

History of chemical theory.

Elements of physical chemistry and electrochemistry ; Chemistry of colloids.

Organic Chemistry.—Aliphatic hydrocarbons and their derivatives treated in greater detail than in Pass courses.

Aromatic hydrocarbons and their derivatives, including terpenes and camphors, alkaloids, natural bases, proteins, synthetic dyes and drugs

PRACTICAL EXAMINATION.

Inorganic Chemistry.—Ordinary methods of qualitative and quantitative analysis excluding technical methods and separation of rare metals.

— A general course of inorganic preparations Simple physicochemical measurements and elementary gas analysis.

Simple electrolytic preparations and electrochemical analysis.

Organic Chemistry.—Preparations illustrating the synthetic methods of organic chemistry.

Quantitative estimation of elements in organic compounds.

B.Sc. Honours

(For the Examination of 1926.)

The examination will comprise four papers and a practical.

Paper I.—General and Physical Chemistry.

Paper II.—Inorganic Chemistry.

Paper III.—Organic Chemistry.

Paper IV. { Additional Organic Chemistry, or
 { Additional General and Physical Chemistry.

M.Sc. Part I (Previous).*(For the Examination of 1924.)*

The examination will comprise three papers and a practical examination.

Paper I.—Inorganic Chemistry.

Paper II—Organic Chemistry.

Paper III.—Physical Chemistry.

In each paper questions may be set in the history of Chemistry.

Inorganic Chemistry.—The elements specified for the B.Sc. course in more detail including their modes of occurrence and chief metallurgical processes. A general knowledge of the less common inorganic compounds and important rare elements.

Standard analytical methods outside the B.Sc. course. Gas analysis. The use of Lange's nitrometer.

Organic Chemistry.—The B.Sc. course extended so as to include the simpler synthetic dyes, non-benzenoid rings, natural bases, terpenes, sugars, organo-metallic compounds, other compounds containing sulphur; the whole treated in an elementary and representative manner.

The theories of geometrical isomerism, optical activity, steric hindrance.

Preparation of organic compounds. Ultimate (or "elementary") analysis. Quantitative proximate (or "radical" analysis).

Physical Chemistry.—The B.Sc. course extended so as to include the theory and practical methods of determination of vapour density, osmotic pressure, molecular weight, heat of reaction, velocity of reaction, strength of acids.

Electroanalysis and spectroscopy.

The phase rule, equilibrium, the periodic law, surface phenomena.

Historical.—Outlines of chemical history from the time of Boyle

M.Sc. Part II (Final).

(For the Examinations of 1924 and 1925.)

N. B.—Candidates for the M.Sc. Examination will be required to pass in the written as well as in the practical examination separately.

Students who have passed the Previous Examination may present any one of the following branches of Chemistry :—

(1) Inorganic, (2) Organic, (3) Physical, (4) Applied.

Notice must be sent to the Registrar by the 15th August of the branch which the student intends to present at the ensuing examination and in the case of (4) the industry of manufacture to which he is attached.

A student may present a thesis dealing with original work done by him in his selected branch in place of the second paper ; he will be liable to any inquiry or examination in the subject matter of this thesis which the examiners may see fit to impose.

Inorganic Chemistry.—More recent discoveries, methods, and theories, including an acquaintance with original papers. Reactions at high and low temperatures, examination of minerals and the practical use of the spectroscope. History of Inorganic Chemistry from the middle of the XIX Century.

Organic Chemistry.—More recent discoveries, methods, and theories including an acquaintance with original papers.

History of Organic Chemistry from the beginning of the XIX Century.

Physical Chemistry.—More recent discoveries, methods and theories, including an acquaintance with original papers.

Applied Chemistry.—The principle has been laid down that a candidate will be expected to show that he has *bona fide* devoted himself to some important industry or manufacture

and has acquired a reasonable degree of efficiency under all three of the following heads :—

- (i) *Technical*.—He should have either (a) performed systematic analytical control or (b) engaged in systematic research or (c) introduced improved methods of mechanical handling, application, or distribution of power, etc.
- (ii) *Economic*.—He should have acquired some knowledge of sources and markets, of costing (including plant, power, labour, control, distribution, depreciation, etc.) and of disposal or utilisation of by-products and waste.
- (iii) *Foreign*.—He should have studied the methods in use in other countries as far as ascertainable by him.

The procedure for testing the fitness of a candidate will be decided as occasion arises.

BOTANY

B. Sc. Pass.

(For the Examination of 1924.)

There will be two written papers and a practical examination.

PAPER I.

The systematic morphology and physiology of
THALLOPHYTA

(a) Fungi

Phycomycetes

Oomycetes :—*Albugo* (*Cystopus*).

Zygomycetes :—*Mucor*.

Eumycetes

Ascomycetes :—*Peziza*; *Penicillium*.

Basidiomycetes :—*Puccinia*; *Agaricus*.

(b) *Algae*.Cyanophyceae:—*Oscillaria*.Chlorophyceae:—*Chlamydomonas*; *Volvox*;
Ulothrix; *Vaucheria*.Phaeophyceae:—*Ectocarpus*; *Fucus*.Rhodophyceae:—*Callithamnion*.

BRYOPHYTA

(c) *Hepaticae*:—*Marchantia*.(d) *Muci*:—*Funaria*.

PTERIDOPHYTA

(e) *Filicales*:—*Pteris*.(f) *Lycopodiales*:—*Selaginella*.

SPERMATOPHYTA

(g) *Gymnosperms*:—*Cycas*; *Pinus*.(h) *Angiosperms*:—(General Morphology and Histology.)

PAPER II.

Angiosperms:—Systematic study of the following families, with special reference to the local flora:—*Monocotyledones*:—*Gramineae*; *Palmeae*; *Liliaceae*.*Dicotyledones*:—*Moraceae*; *Ranunculaceae*;*Papaveraceae*; *Cruciferae*;*Leguminosae*; *Euphorbiaceae*;*Malvaceae*; *Umbelliferae*;*Convolvulaceae*; *Labiatae*;*Solanaceae*; *Acanthaceae*;*Rubiaceae*; *Cucurbitaceae*;*Compositae*.*Physiology and Ecology*:—(including physiological anatomy and plant distribution).*General Biology*:—Variation, Heredity, and Evolution:
Mendelism.

PRACTICAL EXAMINATION.

The candidate will be expected—

(a) to dissect and describe plants in simple technical language and refer them to their proper position in the foregoing scheme of classification ;

(b) to prepare, stain, and describe microscopic sections.

N.B.—Permanent mounts are not required.

(c) to perform simple microchemical tests such as those for starch, cellulose, lignin, and suberin ;

(d) to explain the use of simple physiological apparatus.

B.Sc. Honours.

Morphology.—The structure and affinities of all the important groups of the plant kingdom (living and extinct), with special reference to the Indian flora.

Physiology and Ecology.—The general principles of plant physiology and ecology (including physiological anatomy).

General Biology.—Variation, Heredity, and Evolution ; Mendelism ; Cytology ; Geographical Distribution.

There will be a practical test and four theoretical papers, as follows :—

Paper I.—Algae, Fungi, and Bryophyta.

Paper II.—Pteridophyta and Gymnosperms.

Paper III.—Angiosperms and General Biology.

Paper IV.—Physiology and Ecology (including physiological anatomy.)

M. Sc. Part I (Previous).

(For the Examination of 1924)

The structure and affinities of all the important groups of the Cryptogams and Gymnosperms (living and extinct), with special reference to the Indian flora.

There will be a practical test and three theoretical papers, as follows :—

Paper I.—Algae and Fungi.

Paper II.—Bryophyta and Pteridophyta.

Paper III.—Gymnosperms.

M.Sc. Part I (Previous) and Part II (Final).*(For the Examinations of 1924.)*

The structure and affinities of all the important groups of the Cryptogams and Gymnosperms (living and extinct), with special reference to the Indian flora.

There will be a practical test and three theoretical papers, as follows :—

Paper I.—Algae and Fungi.

Paper II.—Bryophyta and Pteridophyta.

Paper III.—Gymnosperms.

M Sc Part II (Final)*(For the Examination of 1925)*

Angiosperms.—The systematic morphology, affinities and geographical distribution of the angiosperms, with special reference to the Indian flora.

General Biology.—Variation, Heredity, and Evolution ; Mendelism ; Cytology.

Physiology and Ecology.—The general principles of plant physiology and ecology (including physiological anatomy).

ZOOLOGY**B Sc. Pass***(For the Examinations of 1924 and 1925.)*

Paper I.—The structure and phenomena of the animal cell. Reproduction, sexual and asexual, and parthenogenesis. Alternation of generations and metamorphosis.

The structure, habits, and development of the following groups, including detailed study of the types given in each :—

Protozoa	... Amoeba, Euglena, Monocystis, Malarial parasite and Paramœ- cium or Voaticella.
Pouifera	... Sycon.
Coelenterata	Hydra, Obelia.
Platyhelminia	... Liver-fluke.
Annelida	... Nereis, Earthworm and Leech.
Echinodermata	... Starfish.
Arthropoda	... Prawn, Daphnia and Cyclops, (general characters only) Cock- roach, Anopheles, Scolopendra, and Scorpion.
Mollusca	... Fresh-water mussel and Ampul- laria.

Paper II.—

Urochordata	... Chona or any other ascidian from Indian waters
Cephalochordata	... Amphioxus.

Craniata :—

- (i) Pisces ... Chiloscyllium or Carcharias.
- (ii) Amphioxus ... Rana.
- (iii) Reptilia ... Calotes or any other lizard
(skeleton of Varanus to be
substituted).
- (iv) Aves ... Columba (skeleton of Gallus to
be substituted).
- (v) Mammalia ... General characters of Proto-
theria and Metatheria) Squir-
rel or Rabbit (heart, eye, and
brain of sheep may be subs-
tituted), skull of dog and
general characters of the
various orders of the class
Mammalia.

Evolution, heredity, and variation.

Elementary principles of geological and geographical distribution of animals.

II.—General principles of classification.

Outlines of the development of *Amphioxus*, frog, chick, and rabbit.

•The general classification and characteristics of the common forms of animal tissues.

Practical.—

Candidates will be required to show a knowledge of the methods of microscopic technique and to examine, describe, or dissect the types prescribed. Candidates will also be required to submit their note-books containing a complete record of their laboratory work duly initialed and dated by their laboratory instructor, for the determination of the results of the examination.

B. Sc. Honours.

1. The structure, habits, development, and classification of the following groups :—

Protozoa, Porifera, Coelenterata, Platyhelminia, Nemertini, Nematoda, Annelida, Rotifera, Polyzoa, Echinodermata, Arthropoda, Mollusca, Hemichordata, Urochordata, Cephalochordata, and Craniata

2. A knowledge of the mode of occurrence and distribution in time and space of representative and aberrant members of the various groups of the animal kingdom.

3. The cell and the leading structural modifications and functional relationships of its constituent parts.

4. Evidences bearing upon the hypothesis of evolution, general theories of variation, heredity, adaptation, sex, and origin of species.

5. A detailed practical study of the embryology of frog and chick.

The above schedule will also form the basis for the practical examination.

Candidates will be required to submit their original note books initialled and dated by their professor, and preparations of their laboratory work at the examination. These will be taken into account in determining the results of the examination.

Distribution of Subject.

Paper I.—Essay on one or more of a number of suggested subjects.

Paper II.—Invertebrata.

Paper III.—Chordata.

Paper IV.—General and theoretical.

Paper V.—Practical.

M. Sc. Part I (Previous).

(For the Examination of 1924.)

The structure, bionomics, development, and distribution of the following groups:—

Hemichordata, Urochordata, Cephalochordata, and Craniata. General Biology including Evolution, Heredity, Variation, and Cytology.

There will be two papers and a practical examination.

Distribution of Subject.

Paper I.—Protozoa to Polyzoa.

Paper II.—Molluscoida, Echinodermata, Arthropoda, and Mollusca.

Practical.

M So Part II (Final).*(For the Examination of 1924.)*

1. The structure, bionomics, development, and distribution of the following groups :—

Hemichordata, Cephalochordata, Urochordata, and Craniata.

2. General Biology including Evolution, Heredity, Variation, and Cytology.

3. Geographical and geological distribution of animals.

There will be three papers and a practical examination.

Paper I.—An essay on one or more of a number of suggested subjects.

Paper II.—Chordata.

Paper III.—General Biology.

M. So. Part II (Final)*(For the Examination of 1925.)*

There shall be three papers and a practical examination.

Paper I.—An essay on one or more of a number of suggested subjects

Paper II.—The structure, bionomics, development, and distribution of the following groups :—

Protozoa, Porifera, Mesozoa, Coelenterata, Platyhelminia, Nemertini, Nematoda, Annelida, Potifera, and Polyzoa.

Paper III.—The structure, bionomics, development, and distribution of the following groups :—

Molluscoida, Echinodermata, Arthropoda, and Mollusca,

MATHEMATICS.

B A & B Sc. Pass.

There will be three papers as follows :—

1. *Algebra* :—Inequalities; Limits; Convergency and Divergency of series; Indeterminate co-efficients; Partial fractions; Recurring series; Simple continued fractions; Summation of series (omitting polygonal and figurate numbers and Bernoulli's numbers); Theory of numbers as far as Fermat's theorem & Determinants; Elimination; and the Elements of the theory of equations, excluding the solution of the cubic and biquadratic equations.

Trigonometry : As in Loney's Plane Trigonometry, Part II.

Analytical Geometry : The straight line, circle, parabola, ellipse, hyperbola, and general conic, treated by means of rectangular, oblique, and polar co-ordinates.

2. *Differential Calculus* : Differential co-efficients and their calculation, and applications to analysis, geometry, and mechanics; including expansion of functions, indeterminate forms, tangents and normals to plane curves, maxima and minima of functions of a single variable, concavity and convexity, multiple points of inflexion, curvature, evolutes, asymptotes, and curve tracing generally; also, partial differential co-efficients and their interpretation.

Integral Calculus : The indefinite integral and its evolution; standard forms; integration by parts, by substitution, and by formulae of reduction; various applications to lengths, areas, and volumes, to mechanics and to physical problems.

Differential Equations : Simple equations of the first order, and linear ordinary equations with constant co-efficients.

3. *Statics* : Equilibrium of a particle, and of a rigid body acted on by coplanar forces; virtual work; simple machines; simple frame works graphically considered; friction; centres of gravity; strings; Hooke's law.

Hydrostatics : Fluids and fluid pressure ; pressure on immersed surfaces ; equilibrium of floating bodies ; gases ; atmospheric pressure ; Boyle's and Charles's laws ; the barometer, manometers, pumps and other instruments depending on fluids pressure.

Dynamics of a Particle . In two dimensions : velocity and acceleration, Newton's laws of motion ; rectilinear motion ; projectiles in a vacuum ; central orbits ; circular and harmonic motion ; simple and cycloidal pendulums ; work and energy ; impact

B. A. and B. Sc. Honours

Each candidate must offer six of the following papers, including the first four, which are compulsory.

1. *Calculus* : as for the Pass degree, paper (2), and in addition Taylor's theorem ; maxima and minima of functions of two or more variables ; change of variables ; Jacobians and Hessians ; definite integrals, including B and V integrals ; multiple integrals ; the use of Fourier series.

2. *Algebra and Trigonometry* : as for the Pass degree, paper (1), and in addition uniform convergence, and differentiation and integration of series.

Differential Equations : including ordinary equations of the first order ; trajectories ; linear equations with constant co-efficient ; other simple forms of the equation of the n^{th} degree ; particular methods ; depression of the order : homogeneous and exact equations ; reduction to normal form by change of variable ; variation of parameters and simple examples of solution in series.

3. *Analytical Geometry* of two and three dimensions ; including conics as for the Pass degree, paper (1), but with a fuller treatment of systems of conics ; and geometry of three dimensions up to the end of the standard conicoids, and reduction of the general equation of the second degree.

4. *Statics, Hydrostatics, and Dynamics of a Particle:* as for the Pass degree, paper (3).

5. *Statistics and Mathematical Economics:* (Instruction will be provided by the Department of Economics. The course may be offered as an Honours course in Mathematics only by students who offer Economics as a subsidiary subject).

6. *Pure Geometry:* Ranges and pencils; cross ratios; the properties of the triangle and quadrilateral; projection, orthogonal and general; projective properties of conics; imaginary elements; the circular points; reciprocation; involution and involution properties of conic sections.

Analytical Geometry: of three dimensions, in continuation of (3), including curves and surfaces in space, tangents, normals and tangent planes; Frenet's formulæ; curvature and torsion; generators; developable surfaces; confocal conicoids; and a slight treatment of curves on surfaces.

7. *Theory of Equations:* as in Burnside and Panton's *Theory of Equations*, Vol. I, and determinants.

Differential Equations: Solution in series, including Legendre's, Bessel's, and the Hypergeometric equations; total differential equations; simultaneous equations; the linear partial equation of the first order; standard forms; Charpit's method; the linear partial equation of the second order; Monge's method; equations with constant co-efficients.

8. *Statics:* in continuation of paper (4); including forces in three dimensions; a treatment of potential; simple hydrostatics; problems of floatation; stability; and loading of beams.

Dynamics of a Particle: in continuation of paper (4); including constrained motion; simple systems; oscillations; Lagrange's equations; but not brachistochrones.

Rigid Dynamics: in two dimensions.

9. *Geometrical Optics:* including reflection and refraction at plane and spherical surfaces; deviation; prisms; lenses and combinations of lenses; Coate's formulæ; thick lenses.

dispersion and achromatism; Malus's theorem; reflection for oblique incidence on a spherical surface; vision; and optical instruments.

Spherical Trigonometry and Astronomy: the mathematical explanation of simple phenomena.

M. A. & M. Sc.

Candidates may offer any four of the following, a selection from which will be made each year to meet the requirements of candidates as far as possible.

Courses (3), (4), (5), (6), and (8) may be taken only by candidates who attended the Honours courses specified after each.

1. *Theory of Aggregates; Functions of a Real Variable.*

2. *Algebra: Functions of a Complex Variable; Elements of Elliptic Functions*, with applications.

3. *Analytical Geometry* of two and three dimensions.

Differential Geometry. [Prerequisite Hons. courses (6) and (7).]

4. *Differential Equations of Mathematical Physics.* [Prerequisite Hons. course (7).]

5. *Advanced Dynamics of a Particle and Rigid Dynamics.* [Prerequisite Hons. course (8).]

6. *Hydrostatics and Hydrodynamics.* [Prerequisite Hons. course (8).]

7. *Vector Analysis and Quaternions.*

8. *Celestial Mechanics.* [Prerequisite Hons. courses (8) and (9).]

M.A. & M.Sc Part I (Previous).*(For the Examination of 1924.)*

The examination shall consist of four papers as follows :—

1. *Theory of Equations* :—Cubics and biquadratics ; sums of powers of roots ; methods of approximation ; determinants.

Differential Equations :—Ordinary equations of the first order ; general linear equation with constant co-efficients ; linear equations of second order, including transformation to standard forms, variation of parameters, homogeneous equations and exact equations ; elements of integration by series, including Legendre's equation and the simpler properties of Legendre's functions ; Riccati's equation ; simultaneous differential equations with constant co-efficients ; total differential equations ; partial differential equations including standard forms, Lagrange's, Charpit's, and Monge's methods and partial linear equations with constant co-efficients.

2. *Differential Calculus* :—Taylor's theorem ; maxima and minima of functions of two or more variables ; multiple points ; change of variables ; Jacobians.

Integral Calculus :—Definite integrals including B and F functions ; multiple integrals ; volumes and surfaces of solids ; use of Fourier's series.

3. *Pure Geometry* :—Ranges and pencil ; cross ratios, projection, orthogonal and conical ; Desargues's theorem ; harmonic elementary figures ; poles and polars and other simple projective properties of conics ; circular points at infinity ; reciprocation ; Pascal's and Brianchon's theorems.

Analytical Geometry of three dimensions :—Plane straight line ; reduction of general quadratic equation to standard forms ; properties of a quadric surface referred to its principle axes.

4. *Analytical Statics* :—Strings in two dimensions, centres of gravity ; virtual work ; stability ; systems of forces in two or three dimensions.

Dynamics of a Particle in two dimensions.

M. A. & M. Sc Part II (Final)*(For the Examination of 1924.)*

Any four of the following papers :—

1. *Theory of Aggregates.*

Theory of Functions of a Real Variable.

*2. *Algebra.*

Theory of Functions of a Complex Variable, including the elements of elliptic function.

3. *Analytical Geometry in two dimensions* :—Homogeneous co-ordinate; tangential co-ordinates; families of conics; invariants and covariants.

Analytical Geometry in three dimensions :—Systems of quadrics; surfaces and curves in space.

4. *Hydrostatics* :—Laws of fluid pressure; general conditions of equilibrium in a fluid; uniformly rotating liquid; equilibrium of floating bodies, including metacentric formulæ; equilibrium of gaseous fluids (excluding capillarity and oscillation of floating bodies).

Hydrodynamics :—Lagrangian and Eulerian methods, continuity, bounding surface condition, velocity potential, and current function, sources and sinks, motion of circular and elliptic cylinders in two dimensions, motion of a sphere in a liquid; simple waves, vibrations of a string and of air in tubes.

5. *Statics* :—Attractions and potentials of rods, discs, and spheres, Gauss's, Laplace's, and Poisson's theorems.

Rigid Dynamics :—In two and three dimensions, including the rolling of a sphere on a plane, but not on a cone, or sphere; and including Euler's and Lagrange's equations, and their application to simple systems.

*Detailed syllabus will be drawn up later

XLVI.—THE EXAMINATIONS—FACULTY OF MEDICINE

I.—Pre-Medical Test.*

A.—ORDINANCES AND REGULATIONS.

Ordinances

1. There shall be a Pre-Medical Examination for admission to the Courses of Study for the M.B., B.S., in the Faculty of Medicine, and shall be held at Lucknow once a year.

2. No candidate shall be admitted to this Examination unless he has passed either:—

- (i) The B.Sc. Examination of an Indian University incorporated by any law for the time being in force, with Chemistry and Biology; or
- (ii) The Intermediate Examination of the Board of Intermediate Education, U.P., or the Intermediate Examination of an Indian University incorporated by any law for the time being in force, with Chemistry, (including Organic Chemistry) Physics and Biology in such Courses of Study as may be recognised for the purpose from time to time by the Faculty of Medicine.†

*The Pre Medical Examination shall for the first time be held in July, 1924, but for the purpose of facilitating selection of candidates for admission in 1923, an Admission test will be held in July, 1923, the standard of which shall not be higher than that of the P. Sc. Examination in Organic Chemistry and than that of the Intermediate Examination in Physics, Chemistry and Biology of the Allahabad University.

Out of the total number of admissions into the Faculty of Medicine in August, 1923, the number of P. Sc.'s shall be double of those of the B. Sc.'s.

† The following Courses of Study have been recognized —

1. Allahabad University

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination of 1923, and previous years, in conjunction with the B.Sc. course for the examination of 1922 and previous years

3. Every candidate appearing at this Examination shall be required to appear in the following subjects:—

1. Chemistry, including Organic Chemistry.
2. Physics.
3. Botany
4. Zoology

4. The Examination shall be a competitive one for the purpose of filling up the declared number of vacancies for admission to the Faculty preference being given to persons who have been residents of the United Provinces for not less than three years.

5. Selected candidates shall be required to undergo a Health Examination by a Medical Board appointed by the University and their admission to the Faculty shall be subject to the physical fitness.

B.—SCHEME OF EXAMINATION

The Examination shall be conducted by means of one paper of three hours' duration in each subject and shall carry 100 marks in each paper. Regulation.

2. *Aligarh Muslim University*

The courses of study for the Intermediate Examination of 1923 in Physics, Chemistry and Biology prescribed "for students who propose to follow the Medical profession."

3. *Benares Hindu University*

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination of 1923 and previous years, in conjunction with the P. Sc. Examination of 1923 and previous years.

4. *Board of High School and Intermediate Education, U. P.*

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination of 1923 and previous years of the Allahabad University, in conjunction with the P. Sc. Course of the Board of Intermediate and High School Education for the examination of the year 1922.

C.—COURSES OF STUDIES.

I.—1. *Chemistry*.—Elements and compounds—acids, bases and salts—oxidation and reduction—combustion, flame—Laws of Boyle, Charles Gay—Lussac Avogadro—Atomic Theory—Equivalent, molecular and atomic weights, valency—Simple Chemical calculations involving weights of materials and volumes of gases—Elementary Chemistry of the commoner elements including hydrogen, oxygen, nitrogen, carbon, sulphur phosphorus, silicon, baron, chlorine, bromine, Iodine, fluorine, sodium, potassium, calcium, borium, magnesium, aluminium arsenic, antimony, bismuth, silver, copper, lead, zinc, mercury, manganese and iron.

2. Properties of solutions, osmotic pressure, molecular weights, electrolytic dissociation, colloids.*

3. Properties of solutions, molecular weights, osmotic pressure, electrolytic dissociation, colloids.

4. *Organic Chemistry*.—The Paraffins and their principal derivatives with special reference to methane and ethane, fermentation. The alcohols; Aldehydes and acetones; fatty Acids: Glycerol; fats; saponification; Carbohydrates; Urea, Chemical nature of the proteins. Benzene and its principal derivatives; Pyridine.

II.—*Elementary Botany*.—The characteristic features of the following groups and classes of the vegetable kingdom:—

Tallophyta, Bryophyta, Bteridophyta, Spermatophyta.

The fundamental facts and principles of Organography and Physiology.

III.—1. *Elementary Zoology*.—An elementary knowledge of:—

The Protozoa, Co-elenterata, Annelida, Arthropoda and Mollusca The life history of Protozoa associated disease in

man, including Entamoeba, Trypanosomes, Malarial Parasites, Mosquitoes and other important blood-sucking Arthropoda. The more common flat worms and round-worms parasitic in man.

2. A general knowledge of the structure of the Vertebrata. The fundamental facts as to (1) the structure, etc., of the cell, (2) sexual reproduction, (3) Heredity and variation, (4) maturation, fertilisation and segmentation of the Ovum, (5) the early development of Amphibious and the foetal appendages of Birds and Mammals.

IV.—1. *Physics*. Properties of matter. Units, Measuring instruments, Work and Energy, Specific Gravity, Study of fluids, Elasticity, Kinetic theory of matter, Surface Tension, Diffusion, Osmosis, Viscosity.

2. *Heat*.—Thermometry, Calorimetry and Specific Heat expansion of solids, liquids and gases, change of state, melting point, boiling point. Latent heat of fusion and vaporisation, vapour pressure, Hygrometry. Mechanical equivalent of heat. Propagation of heat Convection, Conduction, Radiation.

3. *Sound*.—Nature and Speed, Loudness, Pitch, quality, Reflection, and Interference.

4. *Light*.—Rectilinear propagation, Photometry, Reflection, Refraction, Lenses, Mirrors, Prisms, Dispersion, Phosphorescence, Fluorescence, Optical Instruments, Polarisation and Applications. Spectrum Analysis, Colour.

5. *Electricity and Magnetism*.—Magnetism (general). Electrostatics, Electric Field, Lines of Force, Electroscopes, Electrometers, Potential, Capacity. Energy, Bielectric Constant, Electric currents, Cells, Types, Series and Parallel, General effects produced by Currents, Galvanometers, Resistance, Electromotive Force, Ohm's Law, Joule's Law, and their applications, Electromagnetic Induction, Induction Coil, Thermoelectricity, Cathode Rays.

II.—Bachelor of Medicine and Bachelor of Surgery.*A.—ORDINANCES AND REGULATIONS.***Ordinances.**

1. Except as hereinafter provided, no candidate shall be admitted to either or both of the Degrees of Bachelor of Medicine, and Bachelor of Surgery, unless he shall have attended the prescribed courses of study extending over a period of at least five years after passing the examination qualifying him for admission to the Medical Faculty of the University.

During the first four years, a year of medical study must include at least two of the prescribed courses of lectures or laboratory work, or one such course and Hospital practice, in each term. The work in the fifth year may consist of clinical work including clinical lectures only. The necessary attendance must be put in at the University Hospital or such other Hospital or institution as may be recognized by the University.

2. No candidate shall be admitted to a course of study in the Faculty of Medicine unless he has passed the Pre-Medical Examination of this University.

3. The First Professional Examination shall consist of two parts, *viz*:—

PART I.—Anatomy and Physiology.

PART II.—Materia Medica.

Candidates before presenting themselves for this examination shall produce evidences of—

(1) having completed their second year of Medical study;

(2) having attended complete courses of instruction approved by the University in Anatomy, Physiology, and Materia Medica;

- (3) having dissected the human body at least once.

Candidates may pass in each part separately.

Candidates who fail to satisfy the Examiners must before re-admission to the examination produce evidence of having pursued such further courses of study as they may be required to do by the Dean of the Faculty.

4. The Final Professional Examination shall consist of two Parts, *viz.*—

PART I.—Pathology and Bacteriology;

Forensic Medicine, Toxicology, and Mental Diseases;

Public Health.

PART II.—Medicine including Therapeutics and Medical Pathology;

Surgery including Surgical Anatomy and Surgical Pathology;

Ophthalmology; and

Obstetrics and Gynecology.

A.—The two Parts may be taken separately or together at one time, provided that the following conditions are fulfilled, *viz.* —

- (1) that the candidate when appearing for this examination shall produce evidence of having passed the First Professional Examination of this University;

- (2) that the candidate who appears in Part I of this examination shall produce evidence:—

- (a) of having completed the courses of study prescribed by the University for this Part,

- (b) of having devoted, during the period of two years, subsequent to his passing Part I of the First Professional Examination, a part of his time in clinical study,

- (c) of having undergone a course of instruction in Mental Diseases;

(3) that the candidate who appears in Part II of this examination shall produce evidence :—

- (a) of having attained 21 years of age,
- (b) of having completed his fifth year of study,
- (c) of having completed the courses of study prescribed by the University for this Part,
- (d) of having received a course of instruction in the University in the following subjects :—
 - (i) Tuberculosis,
 - (ii) Infectious Diseases,
 - (iii) Eye Diseases,
 - (iv) Clinical Medicine,
 - (v) Clinical Surgery,
 - (vi) Operative Surgery and Surgical Anatomy ;
- (e) of having—
 - (i) attended as a Clinical clerk in Medical wards for six months,
 - (ii) attended as a surgical dresser in Surgical wards for six months,
 - (iii) attended as a clinical clerk in the Obstetric and Gynaecological wards for $4\frac{1}{2}$ months,
 - (iv) attended as a clinical clerk in Ophthalmic wards for $4\frac{1}{2}$ months,
 - (v) attended Out-patients, Department for six months,
 - (vi) attended post-mortem clinics for two years,
 - (vii) acquired proficiency in vaccination,

(viii) complied with the requirements of the General Medical Council of Great Britain in Obstetrics* and Gynaecology.

B.—A student, who fails in one of the subjects of Part I or Part II of the Final Professional Examination, may be permitted to re-appear, *only in that subject*, at one of the two succeeding Professional examinations, provided that he has obtained not less than 25 per cent in the subject in which he has failed. A student, who fails to take advantage of the privileges of this clause, or who fails to satisfy the Examiners, will be required to re-appear in all the subjects of the Parts concerned, at a future examination.

C.—Before being re-admitted to the examination of one or more subjects of the Final Professional Examination a candidate must produce evidence of having pursued such further courses of study as may have been prescribed by the Dean of the Faculty.

NOTE.—The aggregate in failed subjects shall be calculated on the marks obtained in the part of the examinations the student has been permitted to attend.

5. The Professional examinations will be held as follows :—

1st	M.B., B.S. Part I	Once a year in April.
	" " II	" "
Final	" " I	" "
" "	" " II	Twice a year in April and (October).

Except that, in the case of the *Materia Medica* of the 1st M.B., B.S. Part II, and *Medical Jurisprudence and Hygiene* of the Final M.B., B.S., Part I, a supplementary examination will be held in October for those candidates who have failed in one of these subjects of the respective examinations.

*NOTE.—The Regulations of the General Medical Council with regard to practical Midwifery are mentioned below under "Courses of Study."

Transitory
Ordinances.

*1. No candidate shall be admitted to a course of study in the Faculty of Medicine unless he has passed—

- (i) the P.Sc. Examination of an Indian University † incorporated by any law for the time being in force with Chemistry, Physics, and Biology, or
- (ii) the Preliminary Scientific Examination of the University of Allahabad.

‡2. The subjects of examination are divided into two Parts and every candidate shall be examined in—

Part I—Obstetrics and Gynaecology.

Hygiene.

Medical Jurisprudence.

Part II.—Medicine.

Surgery.

Pathology.

‡3. The examination shall be open in Part I to all students who have completed in the University a regular course of study—theoretical and practical—for not less than two and in Part II for not less than three academic years, after passing the first examination in Anatomy and Physiology, provided that before appearing for Part I they have completed their first examination for the Degree of Bachelor of Medicine and Bachelor of Surgery and that they do not appear in Part II before appearing in Part I

§4. A candidate who fails in two of the subjects of Part I or Part II of the Final Professional Examination, may be

*NOTE.—This Ordinance will remain in force instead of Ordinance No. 2 of the Permanent Ordinances for the Bachelor of Medicine and Bachelor of Surgery till the examination contemplated in Ordinance 2 (ii) is instituted.

†For the list of approved Universities see Chapter XLI.

‡NOTE.—These Ordinances will remain in force instead of Ordinance 4 of the Permanent Ordinances with regard to the Final Examination Part I of 1922 and Final Examination Part II of 1922 and 1923.

§NOTE.—This Ordinance will remain in force instead of Ordinance 4 of the Permanent Ordinances with regard to the Final Examination Part I of 1922 and Final Examination Part II of 1922 and 1923.

permitted to re-appear in those two subjects only at one of the two succeeding examinations in those subjects provided that he shall have obtained not less than 33 per cent of the marks in the aggregate of each subject and 40 per cent in the aggregate of the two subjects combined at the time of the failure.

In the event of failure at one such re-examination in either of the two subjects, the candidate must present himself again in all three subjects of that part of the Final Examination.

General.

1. At the end of each course of lectures or practical instruction, the student must obtain the signatures of his teacher on the Glass Schedule Card which he will be required to lodge with the Registrar when entering his name for the examination. Regulations.

2. This Card must contain a statement that the student has attended not less than three-fourths of the lectures, practical classes, or clinical instruction, of which the course consists, together with such class examinations, or exercises, as each teacher may prescribe in connection with his own course.

3. For the subjects of the First Professional Examination the work of candidate will be estimated (1) by means of periodical exercises, class examinations, and inspection of laboratory note books, throughout the session, and (2) by means of examinations at the end of the session.

In the subjects of the Final Examination, class examinations will be held at the discretion of each Professor, but at least once a year, at which attendance is compulsory. No particular standard of marks will be exacted, but the student's class and examination work will be submitted to the Examiners at the University examinations and taken into consideration by them.

4. Students, who fail to attend the prescribed lectures and to perform the prescribed exercises, will not be admitted to the University examinations.

5. Term work and class examinations will be taken into account in the University examinations.

6. Attendance at class examination is compulsory, but in cases of illness the Dean may exercise his discretionary power in dealing with such cases.

7. The classes and examinations in the University must be taken out in the order and during the year specified in the Curriculum unless the student shall have received written permission from the Dean to vary the order of his study. In no case will the student be permitted to enter upon hospital study, other than that set down for the second year, until the First Professional Examination Part I shall have been passed.

8. Before attending any class, students must obtain an admission form from the Dean which they must at once present to the Registrar paying at the same time any fees which may be due. Until this is done no credit will be given for attendance upon any course.

Examinations.

Regulations

1. In the question papers there will be no optional questions.

2. In every subject there shall be an External Examiner and one or more Internal Examiners.

3. In the case of supplementary examinations, in a subject in which there are two papers, each Examiner will set one paper: but when there is only one paper in a subject the paper will be set by the External Examiner only.

4. In the case of the supplementary examinations the Internal Examiner alone shall conduct the Oral and the Practical examinations.

C.—COURSES OF STUDY FOR THE EXAMINATION OF 1924.

The First Professional Examination.

Anatomy.

1. Human Anatomy and Embryology with special reference to their application in Medicine and Surgery.

2. Dissection of the whole body at least once.

Books recommended :—

Cunningham : Practical Anatomy.

Cunningham : Text book of Anatomy.

Gray : Text book of Anatomy.

Berry : Practical Anatomy.

Physiology.

Histology.—The structure of the Cells, Tissues, and Organs of Human Body

Preparation of specimens of normal tissues either fresh or previously prepared so as to demonstrate their minute structure.

Application of common histological methods.

Recognition and description of microscopic preparations of any normal tissue.

Digestion.—Chemistry of the common food substances. Secretion and properties of the digestive juices and bile. Movements of the stomach and intestines.

Metabolism.—Formation and function of glycogen.

Nitrogen balance in man.

Body temperature and its variations.

Value of various diets.

Blood.—Hæmoglobin and its derivatives. Hæmolysis precipitins, coagulation. Enumeration of red and white corpuscles and estimation of hæmoglobin. Application of side-chain nomenclature to certain biological reactions.

Estimation of blood alkalinity.

Estimation of hæmolytic power of certain re-agents.

Circulation.—Physiological anatomy of heart and action of valves.

Capillary circulation. Stasis. Hyperæmia. Inflammation.

Determination of blood pressure. Pulse, curve. Cardiac impulse.

Heart sounds. Properties of heart muscle. Action of vagus and sympathetic on heart.

Vasomotor Nerves Formation of lymph.

Respiration.—Respiratory rhythm and volume. Action of vagus.

. **Breath sounds.**

Urine.—Excretion of urine. Detection and estimation of principal normal and abnormal constituents.

. **Estimation of respiratory exchange.**

Muscle and Nerve.—Use of batteries and induction coil.

Properties of muscle.

Effect on contraction of load and fatigue.

• **The Reaction of degeneration.**

Cerebral Nervous System.—Reflex action. Tendon phenomena. Reaction time.

Function of the various tracts and immediate results of injury to them. The Babinsky phenomenon.

Cerebral localisation.

Methods of testing the soundness of individual nerves.

Special Senses —Law of specific irritability of nerves.

Use of laryngoscope, of auriscope, and of ophthalmoscope.

Physiological anatomy of the eye.

Formation of retinal image. Limits of accommodation.

Retinocopy. The ophthalmometer and perimeter.

Common optical defects of the eye.

Colour vision.

Ductless glands—

Spleen, thymus, thyroid, parathyroid.

Suprarenal, pituitary, pineal.

Internal secretions, hormones, and their physiological importance.

NOTE.—Students are expected to show their acquaintance with the methods employed for the demonstration of fundamental physiological processes as laid down in the foregoing syllabus, and to carry out such chemical manipulations and experiments as are comprised therein.

Books recommended :—

Halliburton : Manual of Physiology.

Halliburton : Essentials of Chemical Physiology.

Schafer : Essentials of Histology.

Schafer : Essentials of Experimental Physiology.

Materia Medica and Pharmacy.

- (a) The Pharmacological action of drugs and other medicinal agent on the chief functions of the animal body and the chemical transformations undergone in the body by the principal medicinal substances.
- (b) A practical study of the chief Indian indigenous drugs and of the preparation of medicines and of the constituents of the more important compound preparations of the British Pharmacopœia.
- (c) A course of instruction in practical Pharmacy for at least one term.

Books recommended :—

Materia Medica, Pharmacy, Pharmacology, and Therapeutics By Hale White (1909).

British Pharmacopœia.

Do. do. Indian and Colonial Addendum.

Nad Karni : Indian Plants and Drugs with their Medical Properties and Uses

Ghosh : Materia Medica.

Mitchel Bruce : Materia Medica.

Final Professional Examination.

Hygiene.

One course of 30 lectures on Hygiene.

Personal Hygiene. Food and Dietaries. The construction of the dwelling-house with reference to (a) the proper access of sunlight and air, (b) methods of natural and artificial ventilation, warming and water-supply, (c) the disposal of refuse and excretal matters.

The effect on health of overcrowding, vitiated air, occupation and offensive trades

Effects on health of impure water, polluted soil, and unsound or infected food.

The inspection of meat, grain, and other articles of food.

The ætiology and prevention of endemic and epidemic diseases with special reference to Indian conditions. The methodical investigation of cases of such diseases with reference to their causation. The relation to human diseases, of the common diseases and parasites of other forms of life, animal, or vegetable.

The general principles and methods of vaccination, preventive inoculation, isolation, and disinfection.

Books recommended :—

Notter and Firth Hygiene.

Ghosh and Dass : Hygiene and Public Health.

Modi. Elements of Hygiene and Public Health.

Medical Jurisprudence, including Insanity and Toxicology.

Medical Jurisprudence :—

A course of lectures on Medical Jurisprudence comprising chiefly the following subjects :—

Legal procedure in Criminal Courts. Medical evidence. Identity of the living and the dead. *Post-mortem* examination. Exhumation. Examination of blood, seminal and other stains. Mechanical injuries.

Subjects involving sexual relations and offences, Insanity and its medico-legal aspect. Professional privileges, responsibilities and obligations.

Toxicology :—Symptoms and treatment. *Post-mortem* appearances and detection of poisons commonly used in India.

2 Attendance at medico-legal *post-mortem* examinations. Reports on six examinations may be called for by the examiner.

Books recommended :—

Lyon and Waddell : Medical Jurisprudence for India.

Modi : Text-book of Medical Jurisprudence and Toxicology.

Pathology.

A course of instruction in Pathology (*general and special*), Bacteriology, Parasitology, with practical classes in Morbid Histology, Bacteriology, Parasitology, Medical Entomology and Chemical Pathology.

The course to extend through two academic years.

The following books are recommended :—

Beattie and Dickson : General Pathology.

Stitt : Practical Bacteriology

Muir and Ritchie : Bacteriology.

Medicine.

A course of not less than 75 lectures on the principles and practice of Medicine.

A course of not less than 20 demonstrations on Clinical methods, Medical Anatomy, Physical Diagnosis, and the use of instruments of observation.

The Medical practice in a recognized Hospital during three years with Clinical instruction and lectures on Clinical Medicine and experience as a Clinical clerk for not less than six months during this period, including Clinical instruction in infectious diseases.

• A course of at least 8 lectures on Insanity with 3 Clinical demonstrations at an asylum.

A course of instruction in Therapeutics.

• A course of instruction in Vaccination.

A practical course of instruction for not less than two months, in special methods for treatment of Tuberculosis.

Books recommended : —

Taylor : Practice of Medicine.

Oster : Principles and Practice of Medicine

Manson : Tropical Diseases.

Surgery.

A course of not less than 75 lectures on the principles and practice of Surgery

• Courses of instruction in Operative Surgery, Surgical Anatomy, Practical Surgery, Radiology, Orthopedics, Surgical diseases of children, Syphilology and diseases of ear, nose, throat and the administration of Anaesthetics.

The Surgical practice of a recognized Hospital for three years with Clinical instruction and lectures on Clinical Surgery and not less than six months' practice as a dresser.

Books recommended :—

Rose and Carless : Manual of Surgery.

Waring : Operative Surgery.

Pearce Gould : Elements of Surgical Diagnosis.

Beesly and Johnston : Surgical Anatomy for Students and Practitioners.

Ophthalmology.

A course of 25 lectures on the diseases of the eye, with 4½ months clinical work in the Ophthalmic Department.

Book recommended :—

J. H. Parsons : Diseases of the eye.

Obstetrics and Gynæcology.

1. A course of lectures on Obstetrics and Gynæcology.
2. A course of not less than 20 demonstrations on practical Obstetrics and Gynæcological instruments and appliance.
3. Attendance as a Clinical clerk for not less than six months in the Obstetric and Gynæcological wards of the Medical College Hospital or any other Hospital recognized for the purpose by the University.
4. Conduct of labour cases in conformance with the requirements* of the General Medical Council of Great Britain either in the Medical College Hospital or elsewhere.

*Note.—The present requirements of the General Medical Council with regard to Practical Midwifery are as follows:—

Midwifery and Diseases of Women - Instruction during a period of at least two terms, comprising—

1. Courses of systematic instruction in the principles and practice of Obstetrics and Gynæcology.
2. Lectures or Demonstrations in Clinical Obstetrics and Gynæcology and attendance on in-patient and out-patient Gynæcological practice.
3. Instruction in the following subjects, *viz.* :—
 - (a) Ante-natal conditions,
 - (b) Infant Hygiene.

4. Every student should, after attending the Courses of systematic instruction in the principles and practice of Surgery and Obstetrics, give continuous attendance on Obstetrical hospital practice, under the supervision of a competent officer, for a period of three months, during one month of which at least he should perform the duties of an intern student in Lying-in-Hospital or Ward. He should attend during the period twenty cases of Labour under adequate supervision. Extern or District Maternity work should not be taken until the student has personally delivered at least five cases in the Lying-in Hospital or Ward, to the satisfaction of his teachers.

A certificate of having attended twenty cases of Labour should state that the student has personally attended each case during the course of labour making the necessary abdominal and other examinations, under the supervision of the satisfying officer, who should describe his official position and state how many of the twenty cases were conducted in Hospital.

Candidates must draw up an accurate record of the labour cases attended by them. They may be required to produce their case books before the Examiners in evidence of diligent work.

III.—Doctor of Medicine and Master of Surgery.

A.—ORDINANCES AND REGULATIONS.

Ordinances.

1. No candidate shall be admitted to the higher Degrees of Doctor of Medicine or Master of Surgery unless he has first obtained both the Degrees of Bachelor of Medicine and Bachelor of Surgery in the University, and until three years shall have elapsed after such Bachelor's Degrees were conferred.

Except that in the case of a candidate, who (i) produces evidence that he has devoted, subsequent to his graduation, at least a year in practical study or Hospital work in the special subject in which he wishes to present a Thesis, or (ii) has obtained Honours at the Final examinations of this University, or (iii) has obtained distinction in Medicine in the case of a candidate for M.D., or (iv) has obtained any distinctions in Surgery in the case of a candidate for M.S., the period may be reduced by one year.

2. A candidate who wishes to appear for these examinations shall first present a Thesis, embodying observations on some subject in one of the departments of the Medical curriculum, six months before the date of the examination at which the student intends to appear.

3. The subjects in which the Thesis may be presented are:—

(1) *For M. D. Degree*:—Physiology, Pathology, Bacteriology, Therapeutics, Medicine, Forensic Medicine, Mental Diseases, Toxicology, State Medicine, and Obstetrics.

(2) *For M.S. Degree*:—Surgery, Ophthalmology, Gynaecology, Anatomy (including Comparative Anatomy).

4. A candidate whose Thesis is accepted, shall present himself for an examination which shall consist of two parts:—

FOR M. D. DEGREE.

Part I.—One paper in the subject of Thesis. One paper in Medicine including Medical Pathology.

• *Part II.*—Practical examination in the subject of Thesis. Clinical and Practical examination in Medicine and Medical Pathology.

FOR M. S. DEGREE.

Part I.—One paper in the subject of Thesis. One paper in Surgery including Surgical Pathology.

Part II.—Practical examination in the subject of Thesis. Operations on the Cadaver.

Clinical and Practical examination in Surgery and Surgical Pathology.

• Candidates shall be required to show an acquaintance with all recent work in connection with the subjects in which they present a Thesis, and an up-to-date knowledge of technique in Surgery, Medicine, and Pathology, in the respective examinations.

A candidate whose Thesis, in the opinion of the Examiners, possesses special merit, may be exempted, wholly or partly from Part I of the above examinations.

Marks shall not ordinarily be assigned to any part of the examination, but the Examiners shall confer after the examination is complete, and shall report whether the student has "Passed," "Passed with Honours," or "Failed."

1. A candidate who qualifies as an M.B., B.S., before 1925 with Honours (Allahabad) or Distinction (Lucknow), in Medicine or Surgery, or who has spent a year either in the study or in the practice of Medicine or Surgery in the Medical College, Lucknow, or in the practice of Medicine or Surgery in any other institution recognized by the University for this purpose, may be permitted to appear for these examinations two years after graduation.

•Transitory Ordinances.

*These Transitory Ordinances shall be applicable up to the examinations of 1927 for the M.D. and M.S. Degree.

2 The presentation of a Thesis shall be optional. A candidate who presents a Thesis may be exempted from a part of the written examination on the recommendation of the Examiners. If a Thesis is not presented the paper on the special subject shall be re-placed by a second paper in Medicine, in the case of candidates for M.D., or a second paper in Surgery, in the case of candidates for M.S. Degree.

NOTE.—The minimum period for appearing for these examinations after graduation is, in all cases, two years.

Regulations.

The Thesis shall be lodged in triplicate copies with the Dean of the Faculty. It shall be written in clear handwriting or carefully typed on one face of each page. All references and personal observations on which the Thesis is based shall be clearly indicated.

The Thesis, if accepted, shall become the property of the University, and permission to publish the same shall first be obtained from the University.

B.—SCHEME OF EXAMINATION.

For the M.D. Degree under the Transitory Ordinances.

Medicine—Two papers (to be set by External Examiner) and an Oral and Clinical examination.

Pathology—One paper (to be set by External Examiner) and an Oral and Practical examination.

Candidates will be expected to show a knowledge of all the branches of Medicine ordinarily included under the term 'Medicine' including Tropical Medicine and diseases of the skin, and also Medical Pathology including Bacteriology and Parasitology, and to be acquainted with recent work in these subjects and with their current literature.

No marks should be assigned to the papers and practical work, but the Examiners should form an opinion as to the merits of the candidates after consideration of their thesis or papers and of their practical work, and submit their opinion to the Registrar.

•At the conclusions of the examination, the Results Committee shall meet and decide whether the candidate should be classed as having 'Failed,' 'Passed,' or 'Passed with Distinction', after considering the reports of the Examiners, and will report their decision to the Executive Council. It is necessary that a candidate should pass in both subjects simultaneously.

•There is no objection to any Examiner adopting a system of marking for his own convenience.

For the M. S. Degree under the Transitory Ordinances

Surgery and Surgical Pathology.

Two papers (to be set by an External Examiner) and an Oral, Clinical, and Practical examination.

•Candidates will be expected to show a knowledge of all the branches of Surgery ordinarily included under the term "Surgery" including Tropical Surgery and the Surgical diseases of the eye, ear, and throat the Surgical diseases of women and children, Surgical Anatomy and Pathology. Candidates will be expected to be acquainted with the recent work in these subjects and with their current literature. Special credit will be given for any original work that may have been done by the candidate in any branch of Surgery.

No marks should be assigned to the papers and practical work, but the Examiners should form an opinion as to the merits of the candidates after consideration of their papers and practical work and submit their opinion to the Registrar

At the conclusion of the examination, the Results Committee shall meet and decide whether the candidates should be classed as having 'Failed,' 'Passed,' or 'Passed with Distinction,' after considering the reports of the Examiners, and will report their decision to the Executive Council.

There is no objection to any Examiner adopting a system of marking for his own convenience.

IV.—Diploma in Public Health.

A ORDINANCES AND REGULATIONS.

Ordinances

1. No candidate shall be admitted to the courses of study for the Diploma unless he possesses a qualification in Medicine and Surgery registrable in the United Kingdom.

2. The courses of study for the Diploma shall extend over a period of not less than five University terms, (approximately fifteen months). Candidates may be exempted from any portion of the prescribed courses of study if they produce evidence of having done equivalent Public Health work in the United Provinces or elsewhere. Applications from such candidates shall be considered by the Dean of the Faculty of Medicine individually on their own merits.

3. The examination for the Diploma shall be held twice a year, and shall consist of two Parts as follow :—

PART I

- (a) Public Health Chemistry and Physics,
- (b) Bacteriology and Parasitology (including Entomology).

PART II.

- (a) General Hygiene and Preventive Medicine (including Epidemiology, Climatology and Meteorology, Vital Statistics and
- (b) Sanitary Law, Vaccination,
- (c) Sanitary Engineering.

- (d) Out-door Inspection and drawing up of Sanitary Reports.

4. No candidate shall be admitted to Part I of the examination unless he produces a certificate of having attended a course of six months' laboratory instruction in Public Health Chemistry and Physics, Bacteriology, and Parasitology (including Entomology), especially in their relation to diseases of man, and the Pathology of diseases of animals transmissible to man, during which period he must have worked in the laboratory for at least 360 hours, of which not less than 200 shall have been devoted to Bacteriology and Parasitology.

5. No candidate shall be admitted to Part II of the examination unless—

(1) a period of not less than two years shall have elapsed between the attainment by a candidate of a registrable qualification and his admission to Part II of the examination,

(2) he has satisfied the Examiners in Part I of the examination,

(3) he produces a certificate of having—

(A) attended a course of 100 lectures in Hygiene and Sanitary Law,

(B) been diligently engaged for at least two hours in each of 100 working days during a period of nine months (distinct and separate from the period of laboratory instruction required under Ordinance 4) under a Medical Officer of Health holding a Diploma in Public Health and in charge of a town having a population of not less than 1,00,000,

- (a) in acquiring a practical knowledge of the duties, routine and special, relating to Public Health Administration including—
- (i) maternity and child welfare service,
 - (ii) school hygiene and medical inspection of schools,
 - (iii) tropical hygiene relating to small-pox, cholera, malaria, plague, relapsing fever, hook-worm disease, etc.,
 - (iv) principles of industrial hygiene as applied to conditions of labour in India,
 - (v) inspection and control of articles of food such as meat, milk, ghee, aerated waters, sweetmeats, fruits, flour, etc., and
- (b) in attendance at 20 demonstrations at a slaughter-house, on animals for slaughter and on meat intended for consumption ;
- (c) attended a course of 40 lectures in Sanitary Engineering and obtained practical instruction in drawing and interpretation of plans, during not fewer than 20 meetings of one hour each ;
- (d) been engaged for three months in acquiring a practical training in a recognised Hospital for infectious diseases, or the infectious wards of a general hospital. At least 30 attendances of not less than two in each week and Clinical records of not fewer than 6 cases observed in the wards shall be required.

Note.—A minimum of 75 per cent of attendance in each subject under (A) and (C), is required for permission to appear for Part II of the examination.

1. The examination in each part shall be partly by **Regulations.**
means of papers and partly practical and oral.

2. Names of successful candidates shall be arranged
in order of merit in the following two classes :—

(a) candidates who have obtained not less than 75
per cent of the aggregate number of marks
shall be declared to have passed with Honours,

(b) candidates who have obtained between 50 and
74 per cent of the aggregate number of marks
shall be declared to have passed.

3. Candidates must obtain 50 per cent of the total
marks in each subject to pass

C.—COURSES OF STUDY.**PART I.**

Section (a)—Written, Practical, and *Viva Voce*.

Public Health Chemistry and Physics.

Characters, composition and analysis of soil (including ground air and water,) air, water and sewage with methods of detection of impurities. Chemistry of sewage.

Examination of foods, their characters and composition. Detection of the commoner forms of adulteration and contamination.

Disinfectants, their chemistry and methods of testing their strength.

General principles of Physics as applied to heating, cooling, lighting, ventilation, water-supply and drainage.

Section (b)—Written, Practical, and *Viva Voce*.

Bacteriology and Parasitology (including Entomology).

Recognition of the cultures of the ordinary pathogenic bacteria. Bacteriology and bacteriological analysis as applied to the investigation of pathogenic microbes.

Demonstration of the existence of infective agents in pathological material.

Bacteriological methods of investigation and the special methods applicable to the examination of air, water, foods, soil, and sewage. Familiarity with the appearance presented by foods which, for bacteriological reasons, are considered unfit for consumption.

• Principles of immunity, prophylactic and curative inoculation. A general knowledge of Parasitology with special reference to intestinal and other animal parasites.

The general pathology of infection.

The special pathological characters of the common human infections, the pathology of the diseases of animals transmissible to man, the conditions affecting the existence of infective agents outside the animal body and the pathology of diseases dependent on occupations.

PART II.

Written, *Viva Voce*, and Out-door Inspection.

General hygiene, epidemiology, climatology, and meteorology, vital statistics, vaccination, laws relating to public health, sanitary engineering, and out-door inspection work.

(a) General Principles of Hygiene in the Tropics.

Sources, storage and purification of water-supplies.

Effects on health of overcrowding, vitiated and impure air.

Foods and dietaries.

Effects on health of impure water, polluted soils and bad or insufficient food.

Sanitation of dwellings, huts, schools, factories, markets, public washing places, workshops, cowsheds, dairies and stables, and of villages and towns. School hygiene. Inspection of slaughter-houses, of meat and of animals previous to slaughter and of other articles of food. Principles of building construction and their application to dwellings, hospitals and schools.

General epidemiology with special reference to the origin, pathology, symptoms, propagation, geographical distribution and prevention of the epidemic, endemic and other infective diseases both of temperate and of tropical climates. The methods applicable to the investigation of epidemics. History of great epidemics such as plague, influenza, etc.

Diseases of animals communicable to man.

Notification, isolation, and disinfection.

Disinfectants and their uses.

Unwholesome trades and occupations and the diseases to which they give rise. Nuisances injurious and dangerous to health.

General principles of Climatology and Meteorology.

Use of meteorological instruments.

The effects of climate on health.

The principles and methods of applying vital statistics in relation to public health.

Vaccination and control of diseases by inoculation. Instruction on veterinary subjects.

The contagious and infectious diseases of animals which are communicable to the human subject or which otherwise affect public health. This would include such diseases as rabies, glanders and farcy, bovine tuberculosis, anthrax, actinomycosis, trichinosis, etc.

Animal parasites transmissible to man or those which are not immediately harmful, but which may become so after an immediate change of host.

Meat inspection comprising descriptions of abnormal conditions which possess sanitary interest, especially noteworthy organic diseases, anomalies of the blood conditions produced in the carcass by various methods of slaughtering, *post-mortem* alterations in meat, etc.

The instruction will be supplemented by a practical course of demonstrations at the slaughter-houses dealing with the inspection of live animals intended for slaughter and the dressed and undressed carcasses intended for consumption.

(b) Law and statutes relating to public health and model bye-laws.

(c) The general principles and practice of Sanitary Engineering.

(d) Practical—Examination and reporting on unhealthy and insanitary areas, dwellings, workshops, factories, dairies, etc. Medical inspection of schools and scholars. Town planning and the lay-out of small areas. The recognition of infectious diseases and the administration of infectious hospitals. Vaccination. Maternity and infant welfare service. Control of Tropical Diseases. Food inspection.

- (e) Clinical instruction regarding tuberculosis, fevers, and infectious diseases during three months in the infectious wards of a recognized Hospital, and methods of observation and recording of Clinical cases.

Synopsis of Lectures and Laboratory Instruction.

PART I

SYNOPSIS OF LABORATORY WORK.

Public Health Chemistry.

1. *Examination of water.*—Mode of collection, physical characters, qualitative chemical tests, quantitative estimation of solids, dissolved gases, carbonates, chlorides, sulphates, nitrates, nitrites, phosphates, ammonia, alkalies, lime, magnesia, metals, organic matter, and hardness, microscopical examination of deposit (mineral, vegetable, and animal). Processes for softening and purifying water. Effect of filtration and other methods of treating water.

2. *Examination of Air.*—(Pure and polluted). Physical characters. Chemical characters and estimation of oxygen, carbon dioxide (quantitative), sulphuretted hydrogen, nitrous and nitric acid (qualitative), micro-organisms in dust and examination of ground air.

3. *Ventilation.*—Determination of direction and strength of air currents and of effectiveness of different methods. Experiments with models.

4. *Examination of Food.*—Physical examination of grains, bread, milk, meat, vegetables, and fruits. Condiments and beverages (chemical and microscopical). Composition and adulteration of wheat, rice and other cereals bread, milk, butter ghee, sweetmeats, aerated water, alcoholic liquors and tinned foods.

Detection of poisons and preservatives in food.

5. *Examination of Soil*—Determination of water capacity, porosity and permeability of sand and loamy soil. Determination of ammonia and organic nitrogen in soil and of carbonic acid in ground air.

6. *Disinfectants and Deodorisers*.—Chemical examination of the materials and determination of the value of various disinfectants.

7. *Sewage*.—Composition and analysis of sewage and of effluents from purification works. Volume and rate of water and of sewage flow. Experiments with working models of various systems of water and sewage works and of drains.

8. *Framing of reports of analysis*.

Physics.

Properties of solids and fluids. Specific gravity, elasticity as exhibited under tension, torsion and flexure, laws of liquid pressure, surface tension, viscosity of liquids, variation of volume with pressure for gases and vapours. Diffusion of gases.

Heat variation of the volume of a gas with temperatures ; pressure of vapour in the atmosphere ; boiling points ; specific heat ; latent heat.

Bacteriological and Parasitological Work.

The morphology and classification of micro-organisms.

Sterilization by dry and moist heat—Disinfection.

Methods of cultivation—Methods of obtaining pure culture in solid and liquid media. Anaerobic micro-organisms and the methods of their culture.

Bacterial products and anti-toxins.

Micro-organisms in water, air, and soil. Micro-organisms in milk. Sterilization of milk on small and large scale. Pasteurisation of milk. Micro-organisms in meat.

Practical work by each worker.

Sterilizing all glass apparatus *e.g.*, tubes, dishes, pipettes, etc.

Preparation in all stages of the following Culture media:—

Nutrient Broth, Jelly and Agar Agar, Blood serum, Gelatin Works, Glycerine Agar, Potatoes, etc.

From a mixture of several micro-organisms to get a pure culture of one.

Cultivation staining and microscopical examination of:—

Mould Fungi—*Penicilium*—*Aspergillus*—*Mucor*.

Yeast Fungi.

Fission Fungi. The ordinary bacteria found in air, water, soil or milk, *e.g.*, *Bacillus subtilis*, *Mycoides*, *Megaterium*, *Proteus*, Lactic Acid *Prodigiosus*, etc., and also the following pathogenic organisms:—

Staphylococci and *Streptococci*, Tubercle, Diphtheria, *Coli Communis*, Typhoid, Enteritidis, Plague, Tetanus, Malignant Oedema, Symptomatic Anthrax and Cholera

Bacteriological and Protozoological examination in cases of suspected infectious diseases.

(1) In man—Tubercle, Diphtheria, Typhoid Fever, Plague, Cholera, Kala Azar, Relapsing Fever, Malaria, Leprosy, etc.

(2) In lower animals—Tubercle, Symptomatic Anthrax, etc.

Bacteriological examination of water.

Examination of blood for animal parasites. Widal's and Wasserman's tests.

The bacteriological examination of blood, urine, faeces, with special reference to hook worm; and other materials obtained from human beings suffering from disease.

Protozoology, helminthology, and Medical Entomology.

A general account of (a) Amœbæ—*Entamœba Coli*, *Entamœba Histolytica*; and (b) Hæmo flagellates—*Spirochaeta*, Malarial parasites, *Leishmania Donovan*i and *Tropica*, *Trypanosomes*, etc.

Characters of *Filaria*, *Ankylostoma*, *Ascaris* and *Oxyuris*, *Trematodes*, *Taenia Solium*, and *Saginata* and *Dibothriocephalus*.

Characters, life history and anatomy of Ticks, Fleas, Bugs, and Lice.

The life history, anatomy, and habits of *Culicidæ*, especially of *Culex*, *Stegomyia*, and *Anopheles*. Classification of *Culicidæ*.

The house fly, its life-history and habits.

PART II

I.—GENERAL HYGIENE AND MEDICINE.

1. *Site, environment, and construction of dwellings*—Influence of position, aspect and climate, meteorological and geological conditions, soil and drainage, characters of various kinds of soil with reference to buildings sites. Choice of sites for buildings. Effect of vegetation, ground water, ground air, and micro-organisms in soil on health. Diseases associated with soils. •

2. *Water-Supply*.—Sources, composition, character, and classification of potable waters, comparative value of various sources, origin of impurities, their effect and removal, quantity required per head, estimation of yield, sedimentation. Filtration and delivery. Diseases transmitted by water. Protection of water supplies.

3. *Air*.—Composition and physical properties. Impurities, their sources and effects, Diseases caused by impure air. Effects of artificial light and those of animals and plants.

on the air of habitations. Cubic space required for each person and for domestic animals. Dangers of overcrowding, methods of ventilation—natural and artificial, warming and lighting.

4. *Food and diet.*—The proximate principles of food. Nutritive functions and value. Calculation of diets. Diseases connected with food. Inspection of meat, grain, vegetables, and fruits. Storage of grain. Adulteration of articles of food, *e. g.*, milk, ghee, butter, bread, etc. Ptomaine poisoning. Sanitary requirements of bakeries, dairies, slaughter-houses, aerated water factories, ice factories, etc. Methods of protecting food from flies and dust.

5. *Personal hygiene.*—Habits, exercise, cleanliness, washing, attention to the skin and the bowels; the principal parasites of man and methods of treatment and prophylaxis; clothing materials.

6. *Waste and impurities.*—Apparatus designed for the removal of night-soil and rubbish; conservancy arrangements; the principles of construction of latrines on the dry and on the wet systems; temporary latrines, cesspools, manure heaps; disposal of excreta, sewage, and refuse; control of offensive trades and disposal of their refuse; the principles of house and street drainage, open and closed drains; the disposal of dead bodies; the regulation of burial and burning grounds; diseases specially connected with defective conservancy and bad sanitation generally.

7. *Dwelling houses, shops, schools, hospitals, etc.*—Principles of construction, ventilation and illumination, with special reference to floor, walls, foundation, roof, doors, windows, and size. Influence of schools on the spread of infectious and contagious diseases. Principles of construction of artisan's houses, slaughter-houses, bakeries, dairies, stables, and cattle-sheds.

8. *Disease.*—Contagion, the media in which contagia are spread; epidemic and endemic diseases; the germ theory and its application in sanitary work; rabies, anthrax, glanders,

cholera, smallpox, rinderpest, epizootic aptha (foot-and-mouth disease); the principles of general protective inoculation; the role of the fly, the flea, and the mosquito in spreading disease; general preventive measures; notification of infectious diseases preventive measures applicable to the case of large gatherings such as fairs and festivals; organization and practical working of a staff deputed for dealing with an epidemic disease.

9. *Disinfectants*.—Action of antiseptics, disinfectants, and deodorants. Selection and application. Disinfection by heat (wet and dry). Disinfection of houses, ships, clothes, and furniture. Methods of disinfection. Comparative value of different methods of disinfection. Apparatus used in disinfection.

10. *Unhealthy occupations*.—Means of mitigating or removing their unhealthiness.

11. *Climatology and Meteorology*.

(1) Climates as determined by prevalent winds, temperature, moisture, altitude and soil in tropical, temperate, and arctic regions. Influence on health of these varying conditions. Clothing and housing in relation to climatic variations.

(2) Temperature:—

Varieties of thermometers. Corrections of thermometers. Methods of thermometer exposure and reading of thermometers.

Temperature changes: daily and annual periodic changes.

Distribution of temperature.

(3) Atmosphere:—

Factors determining direction, velocity, and force of winds

(4) Atmospheric humidity :—

Formation of mist, fog, and dew.

Hygrometers.

Calculation of dew point.

Elastic force of vapour.

Relative humidity and its calculation.

(5) Rainfall :—

Estimation of rainfall (rain gauge).

Seasonal and diurnal fall of rain.

Distribution in India.

(6) Atmospheric pressure :—

Types of barometers.

Reading of barometers and correction for altitude and temperature.

Estimation of heights.

Barometric fluctuations, determining cyclones, anti-cyclones, secondary cyclones, etc.

Preparation of synoptic charts and meteorological returns

II —EPIDEMIOLOGY.

Medicine in relation to public health.—Geographical distribution and etiology of infectious diseases. Diseases of animals communicable to man. Etiology, pathology, clinical history, diagnosis, prognosis, and prevention of epidemic and endemic diseases as well as the epizootics which effect man. The contagious and infectious diseases and those incidental to peculiar trades. Immunity. Prophylaxis. Vaccination.

III.—VITAL STATISTICS.

Census, how determined. Death rates, crude, corrected and standard. Birth and marriage rates. Life tables. Zymotic death rate. Death rate at age periods. Case mortality.

Variations in case incidence and case mortality. Infantile mortality. Mortality as affected by occupation. Value of vital statistics in public health work.

IV.—VACCINATION.

Preparation, storage, and issue of vaccine lymph. Restoration of potency. Preparation of prophylactic vaccines.

V.—SANITARY LAW.

Law in relation to public health, especially the Public Health Acts, Municipal Model Bye-laws.

- (1) U. P. Municipalities Act, 1916
- (2) Vaccination Act.
- (3) U. P. Prevention of Adulteration Act.
- (4) Village Sanitation Act
- (5) Town Areas Act
- (6) Epidemic Diseases Act
- (7) Factories Act.
- (8) Cholera rules for plains and hills.
- (9) Relevant sections of the Manual of Government Orders and District Board and Municipal Manuals. •
- (10) Criminal Procedure Code (relevant sections).

Candidates must possess a good knowledge of the organization and of administration in Municipalities and the relation of these bodies to the various Departments of Government.

VI.—PRACTICAL INSTRUCTION UNDER A MEDICAL OFFICER OF HEALTH.

The daily and routine duties of a Medical Officer of Health, inspection of animals for slaughter, meat inspection, inspection of food, especially milk, glue, sweetmeats, fruits and vegetables,

exposed for sale. Inspection of water-works, sewage disposal works, markets, bakeries, dairies, aerated water and ice factories, latrines and unhealthy areas. Inspections of factories, workshops and buildings in which trades are carried on. Inspections of schools and scholars.

Methods of Inspection and report upon sanitary condition in rural and urban areas of dwelling houses, slaughter-houses, places for the conduct of offensive and dangerous trades, grave-yards, rubbish and night-soil depots, sewage farms, cattle yards, dairies, stables, the use of apparatus designed for the removal and disposal of night-soil and rubbish; conservancy; water supply and sewerage of towns.

Malaria survey work and the methods employed to destroy the breeding grounds of mosquitoes. Methods of dealing with the following :—

1. Smallpox
2. Cholera
3. Plague.
4. Relapsing Fever.
5. Influenza.
6. Hook-worm Disease.

Sanitary arrangements at fairs and methods of dealing with epidemics at large gatherings.

Demonstration courses on maternity and infant welfare service

VII —INFECTIOUS DISEASES.

Diagnosis and management of all the more common infectious diseases of the tropics, such as smallpox, measles, chicken-pox and methods of dealing with patients at admission into, and discharge from the wards.

Methods of observation and recording of Clinical cases. Disinfection of clothings, of wards, and of discharges from the sick.

Observation and disposal of cases of Tuberculosis.

VIII.—SANITARY ENGINEERING

A.—Water.

1. Variations of sub-soil water-level
2. The various methods of raising water used in India and the construction of the ordinary lift and force pumps
3. The Method of driving tube wells : their use and position in which suitable
 1. Calculation of the capacity of a well and the average yield.
5. Methods of distribution, storage, and filtration.

B.—Drainage.

1. Materials used in drainage works
2. The use of drainage pipes, glazed and unglazed, brick drains, syphon taps, cesspools, and septic tanks.
3. Proper gradients for drains of varying sizes.
4. Methods of pipe-jointing in closed drainage and sub-soil drainage.*
5. Method of flushing and cleaning drains and drain testing.

C —Disposal of Sewage

1. Method. of sewage purification, chemical precipitation, the action of septic tanks, bacterial and other filters and that of land.
2. Simple plants for domestic sewage disposal. French drains.

3. The crops suitable to grow under sewage irrigation. The sub-soil drainage of sewage farms.

4. The maximum area which can be irrigated by any quantity of sewage. The maximum amount of sewage which can be put on an area to ensure the maximum return, the relation to temperature and climate.

D.—Buildings

1. Knowledge of various building materials—brick, stone, lime, *sarkhi*, asphalt, paints, etc., their quality and the possible influence of the atmosphere on them.

2. The distinguishing characteristics of good and bad brick, timber, lime, and cement.

E.—Instruction in Mensuration and Drawing.

The course will include the following subjects—The use of drawing instruments. Scales, their construction and uses. Estimation of areas and volumes. Elements of plane and solid geometry, and their application to the making of structural drawings from models and figured sketches. The use of the slide rule and other calculating instruments. Plotting of land surveys and sections. Elementary building constructions.

BOOKS PRESCRIBED.

1. Parkes and Kenwood's Hygiene and Public Health.
2. Kenwood's Public Health Laboratory Work.
3. Krishnasami's Minor Sanitary Engineering.
4. Williams' Elementary Sanitary Engineering.

BOOK OF REFERENCE.

Rosenau's Preventive Medicine and Hygiene.

XLVII.—THE EXAMINATIONS—FACULTY OF LAW.**A.—ORDINANCES AND REGULATIONS.****Bachelor of Laws.**

1. No candidate shall be admitted to the courses of study Ordinances.
for the Degree of Bachelor of Laws unless he has passed:—

• (i) the B. A. or B. Sc. (Pass or Honours) examination
of the University, or

(ii) the B. A. or B. Sc. examination of any other
Indian University* established by an act of the
Legislature for the time being in force, with
the special permission of the Academic
Council.

• • 2. Candidates shall not be admitted to the Final examina-
tion or any part of the examination prescribed for the Degree
of Bachelor of Laws unless they have—

(i) completed a regular course of study prescribed for
that Degree and furnished a certificate signed
by the Dean of the Faculty that they have
attended 75 per cent of the lectures in each
paper offered by them for the examination; and

(ii) fulfilled the conditions laid down for the residence
of students.

3. Courses of study for the Degree of Bachelor of Laws
shall extend over two academic years: there shall be a Previous
examination at the end of the first academic year and a Final
examination at the end of the second academic year. No
candidate shall be allowed to appear at the Final examination
unless he has passed the Previous examination.

4. For the Previous examination every candidate shall
be required to pass in each of the following papers:—

(1) Roman Law.

(2) Jurisprudence.

* For the list of approved Universities see chapter XLI.

- (3) Constitutional Law.
- (4) Law of Contracts.
- (5) Law of Torts and Easements, and
- (6) Criminal Law and Procedure.

5. For the Final examination every candidate shall be required to pass in each of the following papers :—

- (1) The Law relating to Transfer of Property including Equitable Principles thereof.
- (2) Equity with especial reference to the Law of Trusts and Specific Relief.
- (3) Hindu Law with the statutory modifications thereof.
- (4) Mohammedan Law with the statutory modifications thereof.
- (5) Civil Procedure Code (with special reference to the Principles of Pleading), the Principles of the Law of Limitation and the Law of Evidence, and
- (6) The Law relating to Land Tenures, Rent and Revenue in the United Provinces of Agra and Oudh.

Regulations. 1. The Previous examination for the Degree of Bachelor of Laws shall be conducted wholly by means of papers.

2. The Final examination for the Degree of Bachelor of Laws shall be conducted partly by means of papers and partly *Viva Voce*, which last shall be held after the written answer books have been examined, (about 5 minutes to be given to each candidate in connection with each paper).

3. Names of successful candidates shall be arranged in two divisions. Candidates who obtain 60 per cent and upwards of the aggregate marks will be placed in the *first* division. Candidates who obtain 50 per cent and upwards of the aggregate marks will be placed in the *second* division. Names will be arranged in alphabetical order within the divisions.

4. (a) Candidates must obtain 80 per cent of the marks in each paper.

(b) Class work shall be considered in the following cases:—

(i) when the marks gained by a candidate fall short by not more than 3 per cent of the aggregate marks required for a pass, and

(ii) when the marks gained by a candidate are not more than 3 per cent above or below the aggregate marks required for a first division.

*C. —COURSES OF STUDY.***Previous Examination in Law.**

The following Acts are prescribed and the following books recommended :—

- (1) Roman Law Leage's Roman Private Law.

- (2) Jurisprudence.

Salmond's Jurisprudence.

Maine's Ancient Law edited by Pollock.

- (3) Constitutional Law.

Dicey on the Constitution.

The Government of India Act 1919 to be studied with special reference to the whole of Part I, the whole of Part II, Sections 30, 33 and 35 of Part III, Sections 36, 38, and 39 of Part IV, and Section 43 of Part VI, Government of India Act (consolidated) Part I, Sections 1 and 2 ; Part III, Section 32 ; Part IV, Sections 33 and 34 ; Part V, Section 45 ; Part VI, Sections 65, 71, 72 and 81 ; Part IX, Sections 102, 110, and 111 ; Part XI, Sections 124 and 127 ; and Part XII, Section 134.

- (4) Law of Contracts.

Anson's Principles of the English Law of Contracts.

The Indian Contract Act, No. IX of 1872, and Pollock and Mulla's Indian Contract Act, (Students' Edition)

- (5) Law of Torts and Easements.

Ratanlal's Torts.

The Indian Easements Act No. V of 1882.

Mitra's Lecture on Easements.

- (6) Criminal Law and Procedure.

Indian Penal Code Act XLV of 1860.

(Candidates will not be required to have a knowledge of the amount of punishment which can be inflicted for any offence.)

Shams-ul-Huda : The Principles of the Law of Crimes in British India (T. L. L. 1902).

The Code of Criminal Procedure Act No. 5 of 1898 (except Schedules I and II).

NOTE:—Every Act in the above list means the Act with all subsequent amendments thereof.

Final Examination in Law.

The following Acts are prescribed and the following books are recommended :—

- (1) Transfer of Property including equitable Principles thereof.

The Transfer of Property Act No. IV of 1882.

Ghose on Mortgages, 2 Vols.

- (2) Equity* with special reference to Trusts and Specific Relief.

Strahan's Digest of Equity.

The Indian Trust Act (No. II of 1882).

The Specific Relief Act (No. I of 1877).

- (3) Hindu Law. Mulla's Hindu Law.

- (4) Wilson's Digest of Mohammedan Law from the beginning of Part II to the end of the book.

- (5) Civil Procedure Limitation and Evidence, Civil Procedure Code, Act V of 1908, edited by Mulla (Student's Edition).

The Indian Evidence Act No. I of 1872.

Stephen's Introduction to the Indian Evidence Act.

The Indian Limitation Act IX of 1908, excluding the Schedules.

- (6) Land Tenures, Rent and Revenue.

Act No. II of 1901, (United Provinces).

Act No. III of 1901, (United Provinces).

Act No. XXII of 1886, (Oudh Rent Act).

NOTE:—Every Act in the above list means the Act with all subsequent amendments thereof.

XLVIII.—THE EXAMINATIONS—FACULTY OF COMMERCE.

I.—General.

Ordinances.

1. The Commercial Diploma of the Allahabad University shall be regarded as equivalent to the Intermediate Examination of an Indian University for the purposes of admission to the B. Com. Degree courses of the University.

2. The Commercial Diploma of the Punjab University shall be regarded as equivalent to the Commercial Diploma of the Allahabad University for the purpose of admission to the B. Com. course of the University.

3. There shall be an admission examination for entrance to the B. Com. courses of the University until such time as such test becomes unnecessary.

4. Part-time students, *viz.* those who wish to take two years to complete a course ordinarily prescribed for one year for the Degree of B. Com. shall be allowed to do so.

I.—B Com Entrance Examination.

A.—ORDINANCES AND REGULATIONS.

Ordinances

1. There shall be an Entrance Examination to the B. Com. Course which shall be held at Lucknow once a year.

2. No candidate shall be admitted to an Entrance Examination to the B. Com. Course unless—

(i) he has passed the Intermediate Examination of the Board of Intermediate and High School Education, or the Intermediate Examination of an Indian University* established by an Act of the Legislature, and

(ii) he has satisfied a Committee including the Dean and the Heads of Departments of the Faculty of Commerce that he has adequately prepared himself for the examination.

* For the list of approved Universities, see Chapter XLI.

• 3. Every candidate shall be required to pass in each of the following papers:—

- (i) Book-keeping and Accounting.
- (ii) Business Methods.
- (iii) Correspondence and English.
- (iv) Elementary Economics and Banking.
- (v) Commercial Geography.

1. The examination shall be conducted wholly by means of papers, each of which shall be of three hours' duration and carry 100 marks. Regulations,

2. Those candidates who obtain 33 per cent of the total marks in each subject, and 36 per cent and upwards of the aggregate marks shall be declared to have passed.

4. Casual leave shall be granted by the Vice-Chancellor except in cases noted in paragraph 5 below.

5. In the case of the clerical and menial staff of the University Office, the sanctioning authority shall be the Registrar, and in the case of the clerical and menial and other subordinate staff of the King George's Medical College and the King George's Hospital, the principal of the King George's Medical College and the Superintendent of the King George's Hospital, respectively.

Casual leave up to a limit of three days may be granted to the members of the teaching staff by the Head of the Department concerned, who shall communicate the grant of such leave to the Registrar.

6. All applications for casual leave for more than three days from the members of the teaching staff shall be countersigned by the Head of the Department and shall be forwarded to the Registrar by the Dean of the Faculty concerned for sanction by the Vice-Chancellor.

7. The Registrar shall keep a record of the Casual leave taken by the members of the teaching staff of the University during a calendar year together with the clerical and menial staff of the University Office and the Law and Commerce Departments.

8. Absence on the work of the University or on public work for which previous sanction of the University has been obtained, shall not be reckoned as leave.

9. Leave should always be applied for before it is taken except in cases of emergency for satisfactory reasons.

10. All absence for more than two days whether on leave, duty, during holidays or otherwise, shall be notified to the

Registrar by the person concerned, together with an intimation of his address during such absence.

This shall not apply to part-time servants of the University.

STUDY LEAVE.

1. Study Leave means leave granted to a teacher of the University to enable him to pursue a special course of study or investigation of a scientific nature.

2. Study Leave shall ordinarily be taken out of India.

3. Study Leave shall be granted to a teacher for Study or Research in a subject directly connected with his work in the University and ordinarily only to a teacher, who has been in the permanent service of the University for not less than five years.

4. The applicant for Study Leave should apply at least six months before he intends to avail himself of such leave and should specify the course or courses of Study or Research contemplated and any examination he may propose to undergo.

5. In making an application for Study Leave, the applicant shall undertake to remain in the service of the University, if the latter so desires, for at least *three* years, after his return to duty. In case a person who has availed himself of the privilege of Study Leave, gives up the Service of the University within the period of *three* years after his return to duty, he shall refund the whole or such part of the allowance that he may have drawn during the period of Study Leave as the Executive Council may determine.

6. Study Leave shall be granted by the Executive Council on the special recommendation of the Dean of the Faculty concerned and the Vice-Chancellor.

In making such recommendation, the Dean shall take into consideration any evidence the applicant can give of his having continued to develop the study of his subject while in the Service of the University and shall state his opinion that the

applicant is likely to benefit from the grant of Study Leave and that adequate arrangements can be made for carrying on the work in his absence and that the interest of the University shall not suffer by the grant of such leave.

7. Study Leave may be taken in combination with any privilege leave or furlough, which a teacher may have earned.

8. In no case the grant of Study Leave in combination with any other kind of leave shall involve an absence of over two years from a teacher's service, and a period of twelve months at one time shall ordinarily be regarded as a suitable maximum and shall not be exceeded, save for exceptional reasons.

9. Study Leave will count as service for promotion and Provident Fund, but will not count for furlough or any other leave. It will not affect any leave which may already be due to a teacher.

10. A teacher on study leave may be allowed to draw such salary as may be determined by the Executive Council *provided* that such amount shall not exceed 50 per cent of his salary.

11. Any extra qualification gained during Study Leave will in no case be considered as a basis for claiming increment of salary or promotion.

LII—OFFICIATING ALLOWANCES TO MEMBERS OF THE TEACHING STAFF

1. A teacher officiating for another in a higher grade shall receive an Officiating Allowance, provided that the period is not less than one calendar month. Regulations

2. The rates for Officiating Allowances shall be as follows:—

(a) A Lecturer officiating for a Reader shall receive
Rs. 100 per mensem.

(b) A Reader officiating for a Professor shall receive
Rs. 150 per mensem.

* No Officiating Allowances will be given unless the Executive Council makes a specific officiating appointment.

LIII.—ANNUAL REPORT

Section 36 of
the Act

The Annual Report of the University shall be prepared under the direction of the Executive Council, and shall be submitted to the Court on or before such date as may be prescribed by the Statutes, and shall be considered by the Court as its Annual Meeting. The Court may pass resolutions thereon and communicate the same to the Executive Council which shall take them into consideration and take such action thereon as it thinks fit.

Statute

The Annual Report of the University shall be submitted to the Court on or before the 31st of March every year.

LIV. ANNUAL ACCOUNTS

Section 37 of
the Act

(1) The annual accounts and balance-sheet of the University shall be prepared under the direction of the Executive Council, and shall be submitted to the Local Government for the purposes of audit.

(2) The accounts, when audited, shall be published by the Executive Council in the *Gazette*, and copies thereof shall, together with copies of the audit report, if any, be submitted to the Court, to the Local Government, and to the Visitor.

(3) The Executive Council shall also prepare before such date as may be prescribed by the Statutes a statement of the financial estimates for the ensuing year.

(4) Every item of new expenditure of or above such amount as may be prescribed by the Statutes which it is proposed to include in the financial estimates shall be referred by the Executive Council to the Committee of Reference, which may make recommendations thereon.

(5) The Executive Council shall, after considering the recommendations (if any) of the Committee of Reference, submit the financial estimates as finally approved by it to the Court with such recommendations.

(6) The annual accounts and the financial estimates shall be considered by the Court at its annual meeting, and the Court may pass resolutions with reference thereto and communicate the same to the Executive Council, which shall take them into consideration and take such action thereon as it thinks fit.

Provided that where there has been a disagreement between the Executive Council and the Committee of Reference upon any item of expenditure referred to it under sub-section (4), the decision of the Court thereon shall be final.

The financial estimates for the succeeding year shall be prepared by the Executive Council on or before the 20th of December of every year. Statute.

LV — COMMITTEES (GENERAL)

Where any authority of the University is given power by this Act or the Statutes to appoint Committees, such Committees shall, unless otherwise provided, consist of members of the authority concerned and of such other persons (if any) as the authority in each case may think fit. Section 40 of the Act.

The authorities of the University shall have the power to appoint such Committees or Sub-committees as may be necessary, and may delegate to the Committees or Sub-committees, so appointed, such powers as they deem fit. Statute.

The Vice-Chancellor shall have power to constitute such Committees as he may deem advisable to help him in his duties as the Principal Executive and Academic Officer of the University. Ordinance.

L.VI. THE COMMITTEE OF REFERENCE

Section 22 of
the Act

1. The Committee of Reference shall consist of the Vice-Chancellor, the Treasurer, and thirteen members of the Court elected by ballot in such manner and holding office for such term as may be prescribed by the Statutes.

2. The Committee of Reference shall deal with items of new expenditure only, and its powers and duties in respect of such items shall be prescribed by the Statutes.

Statute 7 of
the Schedule

(1) The items of new expenditure in the financial estimates to be referred by the Executive Council to the Committee of Reference shall be

a, in the case of non-recurring expenditure, any item of ten thousand rupees or over, and

b, in the case of recurring expenditure, any item of three thousand rupees or over.

(2) The Committee of Reference shall, on or before such date as may be prescribed in this behalf by the Ordinances, consider all items of expenditure referred to them by the Executive Council under sub-clause (1), and shall make and communicate to the Executive Council as soon as may be, their recommendations thereon.

(3) If the Executive Council, at any time after the consideration of the annual financial estimates by the Court, proposes any revision thereof involving recurring or non-recurring expenditure of the amounts respectively referred to in sub-clause (1), the Executive Council shall refer the proposal to the Committee of Reference which may require that the proposal shall be laid before the Court for its decision thereon.

(4) The Committee of Reference shall be entitled to request any reports from the Executive Council or the Academic Council relating to any item of proposed expenditure

referred to the Committee under sub-clause (1) or sub-clause (3) and to require that the proposal shall be considered at a joint meeting of the Committee and of the Executive Council. At any such joint meeting the Vice-Chancellor shall preside.

1. The election of members of the Court to the Committee of Reference shall take place at the Annual Meeting of the Court, or at a special meeting of the Court convened for the purpose. The members so elected shall hold office for a period of three years provided that the period of office shall not extend beyond the period during which they continue to be members of the Court. Statute.

1. The Committee of Reference shall, on or before the 7th of January every year, consider all items of expenditure referred to therein by the Executive Council under sub-clause (1) of Statute 7, and shall make and communicate to the Executive Council as soon as may be their recommendations thereon. Ordinance.

LVII -THE FINANCE COMMITTEE

The Executive Council—

(4) shall hold, control, and administer the property and funds of the University, and for these purposes shall appoint from among its own members a Finance Committee to advise it on matters of finance. The Treasurer shall be Chairman of the Finance Committee, and at least one member of the Committee shall be a member elected to the Executive Council by the Court. Section 20 of the Act.

1. The members of the Finance Committee shall hold office for period of two years. Regulation

2 The Registrar of the University shall act as Secretary of the Committee.
